Vol. XXXI

UNION COLLEGE, LINCOLN, NEBRASKA, OCTOBER 25, 1957

No. 3

## CONSTRUCTION TO BEGIN SOON ON PAVING PROJECT

A major item of interest these days on the UC campus is the road building project. It is hoped that the actual construction of the road will be underway within the next two weeks, according to Mr. V. S. Dunn, business manager.

The road, upon completion, will be approximately 750 feet in length and 66 feet wide. Along either side of the road will be a concrete curbing. The road bed will be filled with crushed rock which will be used as a base. Covering the rock will be a coating of asphalt and oil.

The seven hundred and fifty feet of paving will extend from the south end of the campus at the present entrance to a position which is near the north edge of the college laundry.

The sixty-six feet of width will provide ample parking space for the autos of students, staff, and visitors on the campus. The parking of cars will be of an angle nature. The parking stalls will be permanently painted on the surface of the paving.

To facilitate construction it is necessary to move telephone and light poles and fire hydrants. This work is in progress at the present time by the respective companies—telephone, light and water.

## Missions Promotions Day Tops Last Year By \$1500

Three members of high car—Marshall Chase, John Baugous and Jane Ruffing. Not pictured are Dr. E. B. Ogden, Miss Marie Anderson, La Vonna Gordon and Mary Alice Firestone.

Missions Promotion returns totaled \$3,077.49 at the close of the annual UC Field day. The goal, which is \$3500, will be surpassed after the Omaha phase of the solicitation program, according to Dr. R. E. Cleveland, chairman of the Missions Promotion coordinating committee.

After a short devotional period, seventy-five bands, including nine Academy bands, found maps and cars and departed for a full day's work on October 16.

At the close of the day all the participants in the day's program met in the college auditorium. Elder C. R. French, Home Missionary secretary of the Nebraska conference, and President D. J. Bieber commended students and faculty on the success of the day. Each band leader then reported the total amount received for his car.

The high car was led by Marshall Chase with Dr. E. B. Og-

## 3 Teachers Honored At Convention Banquet

Three teachers were honored for twenty-five years of teaching at the elementary teacher's banquet held at Union College Thursday evening, October 10. Miss Maude Reid, Mrs. Autumn Miller, of Lincoln, and Mrs. Leonard Wood of Wichita, Kansas, were each given twenty-five silver dollars, a dollar for each year of teaching.

Elder Theodore Carcich, Central Union president, spoke on the subject, "Teachers' part in winning souls to the Kingdom of Heaven" during the banquet program.

Elder L. R. Rasmussen, Associate Secretary of the General Conference Department of Education, attended the convention and spoke to the 155 teachers of the Central Union.

The convention which began Wednesday evening, October 9, was a workshop with the topics of study being health and penmanship. For the Sabbath services the teachers conducted their own Sabbath School, and were addressed at the 11 o'clock service by Elder Rasmussen.

## Whitsett Urges 'Standing For God'

Elder Whitsett addressing UC students and faculty. Seated are Jim Upchurch, Charlotte Lehto, Mr. De Vice, President Bieber, Dr. Rhodes, Noretta Upchurch, and Elder Tobiasen.

## Spiritual Emphasis Week To Climax Tonight

Elder Robert M. Whitsett of Minneapolis, Minnesota, climaxes a week of spiritual emphasis on the Union College campus tomorrow as more than one thousand meet in the college auditorium to celebrate the Lord's supper.

For the second time in five years, Elder Whitsett, the evangelist for the Northern Union, was called to conduct the Week of Prayer for Union College. Evangelist Whitsett has held weeks of prayer in most of the Adventist colleges in North America.

The special week featured morning services during the regular chapel period and evening meetings when members of the community augmented the attendance. The morning services were followed by voluntary prayer groups of students and faculty which met in various parts of the church.

Elder Whitsett followed the theme, "Standing For God," as he urged the students to meet the challenge of "time's last hour." The theme song of the week, "Rise Up, O Youth of God," gave the setting for the meetings.

Topics for the services included "One Thing Thou Lackest," "Prayer is Power," "Transforming Touch," "Joy in Christ," "Now the Accepted Time," "Pathway of the Prodigal," "On Trial for Your Life," "Levels of Living," "Making Him Master," "Remember," "The Final Triumph," and "Are Ye Clean?"

A highlight of the week was the individual public expressions of personal experience on the part of the students. These testimonies became a part of the regular meetings throughout most of the week.

Elder Whitsett is a former student of Union College. He has done pastoral work, served in the Ministerial Association of the General Conference, and for the past three years has been in evangelistic work in the Northern Union. A daughter, Ann, and son, Bob, are in their second year of attendance at Union College.

## Sam Campbell Scheduled For Return Engagement

Sam Campbell, "philosopher of the forest," will appear in a return engagement at Union this year. Saturday evening November 2, he will narrate his picture "North Country, Land of the Voyager."

Sponsored by the Academy Home and School Association, Mr. Campbell also film-lectured here last year. "We plan to make this an annual event," says Association leader Mrs. D. S. Rausten.

Mr. Campbell's wife "Giny," who was unable to be here last year, will accompany him.

The program starts at 8:15 in the college auditorium. Tickets are to be on sale in the dormitories, the church office, and the Nebraska Book and Bible House. Admission is \$1.00 for adults, 50c for students, and children who sit with their parents will be admitted free.

The proceeds will be used for academy student scholarships and academy improvement.

## Over 800 Enrolled In CME Schools

Over 800 students are enrolled this fall in eight schools for the 1957-58 academic year at the College of Medical Evangelists. The following students, graduates of Union College, are among the 97 freshmen students enrolled in the School of Medicine: Carl Bauer, Donald Christian, Ronald Cornelson, Kenneth Dedeker, David Johnson, Stanley Murphy, Roger Plata, Philip Reising, James Siebenlist, Carlos Swanson, Donald Vixie, Gaylord Wheeler, and Leslie Youngs. This school has the largest enrollment of the CME schools, with a total of 377 students.

In the School of Dentistry are 196 students; School of Nursing, 153; School of Medical Technology, 5; School of Physical Therapy, 25; School of X-ray Technology, 7; School of Dietetics, 11; and the School of Graduate Studies, 38.

Former students from Union College included among the 58 dental freshmen are Lloyd Johnson and William Soper.

## Alice Smith Attends FCDA National Council Meeting

Miss Alice Smith, director of the Nursing department of Union College, attended a three-day meeting of the National Advisory Council for Civil Defense in Washington, D. C. The meeting convened October 21-23 in the Executive building of the Federal government.

Since Union College is the only college in the United States that carries on a program of Civil Defense preparation, Miss Smith was invited to present the topic "Disaster Preparedness at Union College."

Miss Smith was appointed nurse consultant for the Federal Civil Defense Administration last year at Battle Creek, Michigan.

## MADAGASCAR BENEFIT TO BE SUNDAY NIGHT

A potluck supper next Sunday in the college auditorium will aid in building a new school in Madagascar. Sponsored by the College View Missionary Volunteer Society, the supper will begin at 5:30 p.m. and continue until 7:00.

The supper is part of a project in which M.V. societies all over the world are participating to raise \$26,000 for a new school on

(Continued on page 2)

## NURSING CLUB PLANS PORTER SAN VISIT

Thirty-five future nurses of America will leave Union College October 31 for Porter Sanitarium, Denver, Colorado. The group will be comprised of freshmen, who will take up residence at Porter in August, 1958, and sophomores, who will take up residence at Porter in February. Mr. and Mrs. Dick Roderick will accompany the group. After Friday and Sabbath at Porter, the nursing students will return to Lincoln Sunday.

The Nursing Club will help finance this trip as well as other projects and missionary activities through the sale of Christmas cards. These Christmas cards can be purchased now from any Nursing Club member.

The officers of the Nursing Club are: president, Pat Peterson; vice president, Roxy Schlatter; secretary, Marilyn Hutchinson; treasurer, Betty Bentzinger; reporter, Jean Mouw.

The annual capping ceremonies this year will take place on January 24, 1958, and May 16, 1958.

## COMING EVENTS

- Friday, October 25**  
9:30 a. m. Week of Prayer service, Elder R. M. Whitsett  
Sunset

## North Hall

by Sally Saturley

This column would like to pay tribute to the Friday letter. This one-page sheet is delivered to each room in North hall every Friday. One may find in it everything from personality sketches to poems and short mottoes. All in all, it's an inspirational and interesting little letter, thanks to the editors, **LaVerna Rippel** and **Esther Curtis**.

Monday night is the night that we in North hall are favored with a guest speaker for worship. On the seventh of this month, **Miss Pearl L. Rees**, dean of women here at Union for many years, and for whom the new dormitory is being named, spoke to us. Then on the 14th, **Elder Leif Kr. Tobiassen** brought to us his views on Evangelist Billy Graham.

Under the auspices of the Kappa Theta officers, a surprise birthday party was held for **Dean Hilda Fern Remley**. **Marjorie Britt** and **Sharon Huso** provided the special music. A tribute to **Miss Remley** was written by **Nancy McPhail** and read by **Gail Emde**.

A large cake, beautifully decorated in autumn colors of yellow and brown with 16 candles on it, was presented the dean. The girls also presented a towel set as a birthday gift. Friday afternoon an orchid corsage was sent to **Miss Remley** for the weekend. Small pieces of cake were served to the rest of the girls. All in all, it was a happy occasion.

We of North hall are enjoying this Week of Spiritual Emphasis. The meetings are inspirational to all of us.

## Union College Nursing Students Conduct American RC Classes

Courtesy Denver Chapter of American Red Cross

Pictured above is **Betty Campbell**, student nurse on the Denver campus, teaching a lesson on how to wash the hands to limit the spread of communicable diseases. Her students are members of a class in **CARE OF THE SICK AND INJURED**, taught by Seventh-day Adventist student nurses for the Denver Chapter of the American Red Cross. There is a great demand for these courses because of the prevalence of Asian influenza. Twelve of the student nurses at Porter San are conducting classes to supply this demand.

## College Qualification Test Restricted to Annual Date

Lincoln, Nebr.: The Selective Service College Qualification Test, normally given at the principal colleges in Nebraska once each semester for the purpose of permitting college students to qualify for draft deferment, will be offered only once during the academic year 1957-1958, according to Francis S. Drath, Deputy State Director of Selective Service for Nebraska. This test will be offered on or about May 1, 1958. College students interested should watch news media for information.

Due to budgetary limitations and the reduced demand on the Selective Service System for inductees into the Armed Forces, it has been necessary to restrict testing to one test during the current academic year. Heretofore, a test date has been set in the fall and another in the spring, and normally a third make-up test is offered for any person having legitimate excuse for missing the earlier tests. This academic year only the one test will be offered, and there will be no cleanup test given.

The College Qualification Test is used by local draft boards in determining eligibility of a college student for deferment to continue his college work. A score of 79 or more on this test may be considered basis for deferment to enter graduate studies. College deferments are also granted on the basis of class standing.

Another factor which has entered into the reduction in the number of students taking the College Qualification Test is the fact that for the last two years no one has been inducted involuntarily who had not attained the age of 22 at time of induction. Many college students have completed their work by the time they attain the age of 22. Under Selective Service Regulations any college student who is satisfactorily pursuing a full-time course at the time he is first ordered for induction is entitled to deferment throughout the academic year in which he is then engaged. As a result, men who become 22 during their last year of college are entitled to finish out the academic year whether or not they have taken a College Qualification Test.

### MADAGASCAR BENEFIT

(Continued from page 1)

the island off the east coast of Africa. The College View society's share is \$600.00. Government officials threaten to close the present school plant unless more adequate facilities can be provided.

Food for the supper is being provided by church members, and the college cafeteria will supply a main dish.

## ATS Officers Enroll Students in UC Chapter

ATS President Art Dick pictured as he enrolls Kathy Prentice while Bonnie Smith, Marie Redwine, Van Knauss, Harold Reeder and Pat Peterson look for new members.

## Religion Educator Addresses Teachers

Professor Leif Kr. Tobiassen, Union College professor of religion, addressed the Central Union teachers' convention in Lincoln, Nebraska, Thursday, October 10, on "Christ in the Classroom." He emphasized that the Adventist teacher must take his stand squarely beside Jesus Christ in the classroom, upholding unyieldingly the Adventist way of life and its ideals and practices, in spite of the sinking level of morals in our time.

## Osteopathic Association to Award Scholarships

Seven osteopathic college scholarships of \$1,000 each will be awarded by the Auxiliary to the American Osteopathic Association for the entering classes in the fall of 1958, it has been announced.

Osteopathic scholarship applicants for the entering classes of 1958 must have an acceptance or a tentative acceptance from any one of the six approved osteopathic colleges, all of which require a minimum of three years of pre-professional work.

The scholarships will be awarded on the basis of financial need, good scholarship, strong motivation toward the osteopathic school of medicine and outstanding personality traits.

Information about the osteopathic colleges, scholarships and application forms will be sent upon request by the Scholarship Chairman, Auxiliary to the American Osteopathic Association, 212 E. Ohio Street, Chicago 11, Illinois.

Applications for the national osteopathic college scholarships must be completed and sent to the scholarship chairman prior to May 1, 1958. Winners will be announced after May 15.

## ATS Membership Drive

by Jim Maxwell

At 6:45 a.m. October 14 a round white and red object was seen on top of the men's dormitory at Union College. The object was enlettered in red with the words, "Join the ATS." Also on the campus were men with cardboard backs enlettered with similar commands.

What is the purpose of the ATS on the campus of a Christian college? We do not use alcohol or drugs or any type of tobacco. The purpose of the ATS is to make people conscious of the situation the world is in today regarding narcotics, alcohol and tobacco, and to strive to make individuals who are users conscious of the life-destroying objects they are putting into their bodies.

Another purpose of the organization is to visit high schools where the problem arises, Is smoking and drinking a social "must"? To bring programs of force and interest to these young people on whom the use of narcotics might make an unbreakable chain, and to show these young people the facts about dope, alcohol and tobacco are also purposes of the society.

An annual oratorical, poster, essay and jingle contest is another of the ATS features of the year.

## A Call to Prayer

There is a quiet group that meets in the chapel of the administration building each day at noon. They have come from a busy morning of classes to seek wisdom from its true Source. After a short inspirational talk, there is a season of prayer.

Attending these few moments of voluntary worship makes one realize the great number of benefits he receives when he goes to the one who understands life's problems and perplexities.

Perhaps you sense that something is lacking in your school life. Maybe this is what you are seeking. Come to Power Hour today.

## Engel Hall-Center of Harmony

by June Cole

So much activity is going on around Engel hall that it is difficult to know just where to begin. The other day a student called the music department and was astonished to hear an organ, a piano, a violin, a record player, and a drum, each playing a different melody. It is all these things which make harmony (?) in Engel hall.

A little more than a year ago, Mr. Rhodes bade us good-bye to complete work on his doctor's degree. The music students and faculty are now happy to welcome Dr. Rhodes back again. He has resumed his busy schedule of teaching private voice lessons, conducting class, directing the Golden Chords Chorale and the Unionaires. Besides these activities, he has the responsibility of keeping the wheels turning smoothly in the music department. Already the Unionaires have made their first appearance at Elder H. M. S. Richards' meetings in Omaha. The members of this group are Carolyn Rhodes, Sara Lou Nettrouer, Jeanie Rogers, Donna Betts, Marilyn Wheeler, Barbara Turner, Jerry Patton, Orlo Gilbert, Verle Betts, Jack Hartley, DeWayne Rhodes, Bob Bockman, Bruce Freeman, and Sam James. The sixty-voice Golden Chords Chorale have contributed much to the church services as they will do throughout the year.

In the realm of music organizations, Mr. Lloyd Leno is outstanding. Along with the college band, he directs the Union College Concert orchestra, the academy band and the grade school band. He also gives class instruction in conducting and orchestral instruments. The college band appeared in Omaha on October 11 at Elder H. M. S. Richards' meetings. Mr. Leno also gives private lessons on all orchestral instruments except strings. Mr. Walter Carlson from the University of Nebraska gives private lessons on strings and is concert master of the Union College Concert orchestra. Don Duncan is also student teaching in this field

on woodwind instruments. Mr. Leno has an able helper, Connie Hodson, to care for the band library.

On second floor of Engel hall you will find the studio of Mr. William Haynes, where there is much hustle and bustle. In addition to teaching private voice lessons, Mr. Haynes directs the male chorus, the ladies' Glee Club, the Academy choir and orchestra. He also rehearses small vocal groups.

The head of our piano department is Miss Betty Christensen. She is a very busy person, for not only does she teach many private piano lessons, but also teaches Theory I, Theory II, Sight-singing and Counterpoint. It seems that one student going through registration line signed up for Sight-"seeing" class, but to his dismay found it was Sight-singing. To help Miss Christensen with paper work are two able assistants, Charlotte Lehto and Bob Bockman. Charlotte is also a student teacher in piano.

Our "little" organ teacher, Miss Eleanor Attarian, is last but not least, for she has strength in her hands and feet when she plays the organ. Music speaks to all on many occasions throughout the year in her playing. She is a very busy person, also. She teaches not only organ but also piano. Her time is very full from morning until late in the evening. She is an ambitious person and spends much time reading and keeping up with music as it progresses with time.

We wanted you to meet and get to know our music faculty. They are the ones who make our lives and activities in the music department go smoothly. In the near future, there will be a departmental recital by students of different teachers. On November 11, the Golden Chords Chorale will sing for the Nebraska Association of Church Related Colleges that is to be held on our campus. There will also be several senior recitals and other departmental recitals during this year.

## UC Religion Department Will Graduate 18 Majors

Of the 22 ministerial or Religion juniors of 1956-1957, 18 have returned for their senior year at Union College, 1957-1958, it was announced by Professor Leif Kr. Tobiassen, chairman of the Union College Department of Religion. The seniors in this department now are: Sam Armstrong, Ronald Atkinson, Robert Beck, Dale Chaffee, Kenneth O. Cox, Norman French, James Hagerman, Harold Heath, Donald Hensel, Treaver Hoover, Sherwood Jones, Laurell Peterson, Key Ton Lee, Teddy Ramirez, Jacqueline Schimke, Nathan Sims, Ben Steiner, and Jimmy Upchurch.

Eight per cent of the entire Union College student body is majoring in the Department of Religion this year; the last two years the number has counted for approximately seven per cent. The total number of ministerial (Theology) students and Religion majors is now 61 as against 58 last year, 59 in 1955-1956, and 96 in 1954-1955.

There are three young women in the Bible Instructor's curriculum this year, two seniors and one junior.

## College Board Convenes, Approves Building Plans

The Union College Board of Trustees met Tuesday, October 8. Completion date of the new women's dormitory, Pearl Rees Hall, was definitely set for next summer by the Union College Building and Executive committee in a meeting held Monday, October 7.

Mr. Vernon Dunn, board member and business manager of Union College, reported to the committee that as of September 30, 1957, \$350,000 had been spent on the new hall. When completed, the new dorm will have cost an estimated \$600,000 to \$700,000.

The construction of a new road to be built behind the Administration building was also approved by the committee. The road will run from the gymnasium to the beginning of North Hall with sufficient parking space included. The board suggested that students and staff members donate \$5,000 to defray some of the cost of the \$12,000 road.

Plans were also laid for a continuous general improvement building program which would include many of the campus buildings.

Where Every Customer is a Personal Friend

# Divers Data South Hall

by Bob Kelley

Gloom. Darkness. Nothingness. Suddenly the purring whine of heavy machinery pierces the wall of rain and the new road is begun.

Yes, the weather was anything but auspicious for the commencement of work on our "asphalt avenue." It was encouraging to see President David Bieber out getting things started. Our thanks to him for what he has done toward the fulfillment of this longtime UC dream. Of course, we won't be able to joke about the old dirt road anymore after it has been replaced, but it will be remembered by all with mixed emotions.

During all the rain in the middle of this month, our sunken garden (which was mentioned in this column last issue) became so flooded that for a while it seriously challenged Lake Mead as the largest man-made lake. In fact, a name was even suggested for it by one enterprising student: **Lake Turner.**

And speaking of adding machines, Calvin See brought an abacus to business machines lab a few days ago. These oriental adding machines, in the proper hands, can out-manuever on electric calculator—a triumph of the very old over the very new.

South Hall was happy to welcome Clyde Olson's mother, brother, and sister for the weekend a week or so ago, along with Jake Knight's mother and father.

Elder W. R. Beach conducted the worship period on the Sunday evening that he was here at Union and met with many of the ministerial students the next afternoon in the Ad building.

Somehow this column has previously neglected mentioning the new couch and chairs for the lobby of South hall. They are appreciated (and much used) by all the men of the dormitory.

An ominous silence has been noticed in this corner. A silence from our opposite number, DIVERS DATA: NORTH HALL, which is not expected to continue. What have you up your sleeve, Miss Saturley, and when are you going to start throwing brickbats our way? We stand prepared.

## Cox, Sharpe, Gerdts Elected to Head Ministerial Group

The Ministerial Association of Union College organized at the beginning of the school year with the following officers: Kenneth Cox, president; David Sharpe, vice president; Gene Gerdts, secretary-treasurer; Norman French, assistant secretary-treasurer; Robert Beck, chorister; Jackie Schimke, pianist; Kenneth Morford, sergeant-at-arms.

At the first meeting of the group, Elder Leif Kr. Tobiassen spoke on the subject, "What I Learned from Evangelist Billy Graham."

At a recent meeting Elder H. M. S. Richards addressed the group of ministerial students, advising them to be preachers—not of the atomic bomb, the now popular athletes, or anything else—but of the Word of God. He also gave counsel on the call and preparation for the ministry.

## Business Professors Attend Marketing Meets

Mr. Robert E. Firth of the Union College staff attended a meeting of the Lincoln-Omaha Marketing Association in Omaha Tuesday, October 8. Mr. Firth is head of the Business department of Union College and is currently working on his doctoral dissertation in the field of business administration.

Mr. Paul Joice, also of the Business department, attended the American Marketing Association convention in Minneapolis October 17 and 18.

## On Manners

Whether it be Amy Vanderbilt or Emily Post it would probably be a good idea for many of us to read some of these oft-forgotten bits of philosophy called the rules of etiquette.

Whether it be in the dining room, on the campus or on the most important social occasion, there are definite things which should be kept in mind by all. It is not the purpose of this writer to point out definite rules to the readers, but the purpose of these few lines is to bring to mind the importance of following these established traditions. As members of society and as Christians, we should make our lives the height of perfection.

As this school year progresses it would be well for each of us, men and women alike, to examine our manners and the actions which we display in the society of both our campus and our city. Let us remember that if we set ourselves as good examples our neighbors will be able to say, "They are students of Union College."

L. H.

## On Missions

Union College is dedicated to a world mission.

The pioneers of the Advent movement set out to accomplish that mission, and Union College advanced immediately to the forefront of this undertaking. Soon her well-trained sons and daughters were marching out to the ends of the earth. Today the Golden Cords have been stretched to every corner of earth, and at the end of each stands a stalwart of the everlasting gospel. In every line of service these workers are giving a fine account of themselves. They are a fine example of what consecrated men and women can do when they are fired with an ideal and are completely dedicated to it.

From across the street and across the seas these former students of Union College beckon to you, students of today, for help. Truly, the harvest never was more urgent and the workers never more needed. Our thin line of advance must be strengthened. Hundreds, yes, thousands of talented, capable workers yet must join the ranks of service. Every year a contingent must stand ready to go.

In 1956 the General Conference sent overseas 392 volunteers. Approximately fifty-one per cent of this number left the fair shores of America. Over a two-year period our committee made 337 new appointments from the North American Division alone. Some of these were pioneer areas; most of them were for positions requiring specific qualifications. To illustrate the point, here are a few of the calls we filled: a college president, a union publishing department secretary, a lady teacher of voice and piano, a field president, a Bible teacher, a doctor pathologist, an experienced secretary, a director of nurses of a nurses' training school, a teacher of building construction, an evangelist to a Moslem field, an accountant, a lady physician, and a home economics teacher in a girls' school. The above list could be enlarged.

Thinking again specifically of the 337 appointments over a two-year period, we can classify them according to the service expected of them in the field as follows: ministerial, 38; educational, 94; medical, 114; managerial and office workers, 40; and bookbinder, 1. Of this list of calls, 40 were for single lady workers and 297 were for family units.

The graduates of Union College must continue to enlarge the ranks of God's men and women. They must continue to march in service. The Golden Cords must increase in number and length. Then at the end of the way will dawn the golden morning, the gleams of which already brighten earth's dark horizons. Then our mission to the world will become what it truly is—a mission for eternity.

W. R. Beach, Secretary  
General Conference

Second class mail privileges authorized at Lincoln, Nebraska, April 5, 1911, under Act of Congress, March 3, 1879. Accepted for mailing at special rate of postage provided in Section 1,103, Act of October 3, 1917. Authorized June 17, 1921. Subscription price \$2.00 per year. Published bi-weekly by Union College at the Union College Press, 49th and Bancroft, Lincoln, Nebraska, during the school year except during holidays, registration periods and examination weeks. Also published once in June and August.

# Philler ...By Freitas

Old "Friendly Phil" proved his utter uselessness as a sports forecaster in the last issue (the Yankees didn't win the Series). So this week his true identity is revealed in one grand expose.

Name: Hubert Philbrink.

Description: Ugh!

Occupation: U. S. citizen, columnist, Russian undercover-contra-counter-clockwise spy.

Hello there, this is your Uncle Hubert with another column of Philler cleverly calculated to keep you in-Formed.

About the Russian Sputnik: In another brilliant first (electric lights, the automobile, television) our Bolshevik friends launched the first satellite to reach outer space and establish an orbit around the earth.

The Sputnik is heavier, higher, and faster than the U. S. satellite, which is still on the ground, has hoped to be. The 184.3 lb. sphere crosses the sky some 559 miles up at about 18,000 m.p.h.

Last week newspapers saw an ingenious spying device, scientists saw a great rocket achievement, magazines saw a new era in space travel, and amateur astronomers saw nothing as all eyes were turned to the Sputnik.

My commentary: relax, this is the G-O-Fizzical Year. There's a lot more to be learned in the next 16 months.

Do we have to look with suspicion at every achievement that is made by the Russians? Let's try a little trust and praise. Sometimes it can work wonders.

Look at West Germany for instance. We were engaged in a bitter war with her mother country. However, West Germany was given a chance, and she is making tremendous progress in science and industry. It can be said without fear of contradiction that West Germany is economically the fastest growing country in the world.

This week look for "These Faces in the Crowd." Don Johnson, senior Biology major from Des Moines, Iowa, has a fine, likeable personality. Jerry Aso, freshman Secondary Education major from Denver, Colorado, has the wit and intellect required to win a wide range of friends.

## 'Warmin' the Bench'

by Lennart Colson

The tennis courts have taken on a new look recently with the addition of some copperweld tennis nets. New posts have also been erected to carry the weight of the new nets. Also along the line of new things, six archery bows and six dozen arrows have been purchased for use in archery and recreational classes this winter.

You hoopsters will be interested to know that basketball season will get underway three weeks earlier this year. The baskets go up on November 24 with the first game to be played around December 1.

Union's tumbling squad has been busy preparing for its first tour to Plainview Academy in South Dakota November 9. Anyone interested may still try out for the squad. Practices are held every Monday and Wednesday from 5 to 6 p.m.

The intramural volleyball program will start on November 3. Games will be played Sunday through Friday from 12:15 to 1:00 p.m. Those wishing to participate should turn in team rosters to Mr. Robert Reynolds, athletic director, not later than October 30. A water polo league is also in the offing. Rosters should be turned in before October 27.

(Continued to col. 5)

## FEATURE FOCUS

# Linguistic Lass--Favors French

by Loron Wade

Genevieve Rebsomen

"Bon jour, Mademoiselle," "Guten morgen, Fraulein," or even "Sadh-el-kheir, Lelah"; however you say it, Genevieve Rebsomen will quickly respond with a friendly smile. From her earliest years she has been poly-lingual.

Genevieve's father is a mechanical engineer for the sugar factory in Casa Blanca and is pastor of the Casa Blanca church. The Rebsomens are French and this was the language spoken by the family. From the maids in her home Genevieve learned to speak Arabic. Later at school and from her friends she also learned Spanish, German and English.

Her early memories are of war and of anxious months waiting for loved ones inside Vichy, France. As she grew older, the agitation and unrest between the Moslems and Europeans in Morocco grew, and many incidents occurred as the Arab-Moslems fought against all foreigners and Christians.

Because of her excellent command of English, Genevieve was able to get a position as interpreter and secretary to the officers at the American Air Force base in Casa Blanca. Here she decided that someday she would like to come to America.

Last year her wish was fulfilled and at the beginning of the second semester, she came to Union College. She is majoring in languages and secretarial science. She is teaching three classes in French at the Nebraska University and has several private pupils besides carrying 16 hours of classwork. "At home," she explains, "all the school work is very difficult. The courses require very intense study. Finishing high school there is counted the same as taking the first two years of college here. So I am a junior now and will finish college next year."

After graduation, she plans to go to the United Nations headquarters in New York where she can find work as a translator.

## The College View

Question: "What would you like to see done to improve Union College?"

Jean Turner: "I would like to see all the papers picked up on the campus."

Rachel Jernigan: "I would like to see a sidewalk to the press, because it is so muddy to walk over there."

Rolando Peinado: "I would like to see more social activities like clubs for village students."

Janet Carlson: "I would like to have more recreational time for playing tennis, ping pong, badminton, or shuffleboard here at UC."

Dean Culver: "I would like to see the men's dorm completed."

George Gibbs: "I would like to have a rumpus room in the men's dormitory."

Ann Whitsett: "I would like to have study period extended until 11:30."

Kathy Prentice: "It would improve UC by having a student center."

Billie Deming: "I would like lighter doors on the entrances to the administration building, because the present ones are so hard to open, especially when a student is carrying an armload of books."

George Ann Adcock: "I would like to hear more dinner music at meals in the cafeteria."

Jonnie Lee Bailey: "I would like to see the tennis courts lighted up for playing in the evenings in good weather and next spring."

Connie Wells: "I would like to see more Saturday night programs with student participation such as in skits and readings."

Betty Chase: "I would like to see a place for informal visiting after meals other than the girls' dorm parlor."

Frank McArthur: "I would like longer library periods in the evenings."

## Little Jewels

Gregory Alan, born to Mr. and Mrs. Glenn Wheeler (Beverly Thompson), on August 30. Weight 5 lbs., 13 oz.

Sheri Anne, born to Mr. and Mrs. Herbert Lien (Joanne Schwerin), on October 11. Weight 8 lbs., 12 oz.

## 'Warmin' The Bench'

(Continued from col. 3)

Five teams and over 50 men are participating in the football league which completes its schedule next Thursday. Results of earlier games were too late for this issue of the CLOCK TOWER.

One last thought—If you can't play a sport, be one.

## Famous Last Words -

Oh, I see no need for moving my car. I'll graduate before they pave the road through the campus.
