Golden Copyright. The return ticket you sent to North Brookfield N.Y. went to New Somerville and is finally here. I send it to day to my snow with request that he send it to you at Newburyport after extending it.

I hope it will reach you in time. I hope you will stay at Battle Creek a day or two. Unfavorable reports as to your work at Danvers reaches me by way of California, they had help us to know. Accidentally we in his hear, it also, it is said that sister Betsy Landon is in great trial over your course at Lee place. It is said you did much harm.

I agree with you that changes must take place among our leading men, but it will not do to do this great work in a day.

Yours Brother
James White
