Elder M. L. Andreasen  
1931 Academy Place  
Glendale 6, Calif.

Dear Brother Andreasen:

I was glad to receive a few days ago your letter of October 30 and also the one dated November 9. I have gone over these letters carefully and wish to thank you for them. I believe, Brother Andreasen, we are on the way to a better understanding and relationships, now that you have come to the conclusion to confine your writing to some three or four individuals of the General Conference. You may choose these yourself, if you wish, or if you prefer us to designate them, we shall be glad to do that. I can assure you that the suggestions and items that you call to the attention of the brethren here will be carefully considered.

You speak in your letter of doing some research with reference to the 1888 movement. I wonder, Brother Andreasen, if you would do me the very great favor of letting me have a copy of the material you are preparing on this subject. We are all very deeply interested in the subject matter and I am sure you are well qualified to search out and evaluate the facts.

Please be assured that we deeply regret the necessity of your dear wife's having to undergo further surgery. We pray that God may speedily restore her to health. She is an excellent woman and a fine Christian.

With kind regards, I remain

Very cordially your brother,

RRF w
