Our Advertisers

Effective advertising is more than a gesture of goodwill between competent suppliers and their favorite buyers. It is specific information concerning available services rendered by whom, when, and where.

The *Yearbook* serves thousands of S.D.A. offices throughout the world. While it is designed primarily as a directory and reference book, the advertisements introduce several business establishments and their products and services to the administrators and institutional purchasing agents of the Seventh-day Adventist denomination.

We highly recommend the organizations advertising in this *Yearbook*; and when you contact them, kindly mention that you saw their advertisements in the *Seventh-day Adventist Yearbook*.
