FATHER AND SON spend many hours together in The Voice of Prophecy studio recording the Sunday broadcast, now aired on 625 stations in North America. H. M. S. Richards, a pioneer in the radio ministry, has been proclaiming God's Word on the air since 1930. Much of the recording and public speaking is now carried on by his son, H. M. S. Richards, Jr. (right), speaker-director

Voice of Prophecy—Proclaiming God's Word

From 71 cities and towns in the Pacific Union, The Voice of Prophecy is proclaiming God's Word on the radio.

This means that virtually every person living within the Pa-cific Union can tune into the broadcast.

But have you ever wondered how those 71 cities and towns and the stations—are selected?

According to Daniel R. Guild. manager of The Voice of Prophecy, a number of factors must be weighed every time a decision is made about continuing, ending or beginning coverage on a particular station. Among them are cost of air time, kilowatt power of the station, size of the potential listening audi-ence, available time slots, listener response, and church

member support.

"We try to improve coverage with every decision," Guild said, "but there is a limit to how far the dollars will stretch."

The Voice of Prophecy staff feels it must first place the

broadcast within reach of everyone. This goal takes priority over all other considerations. As a result, time may be purchased on smaller stations to cover a portion of a state even though this is more expensive in terms of cost per listener than it would be to buy time on stronger stations in more heavily populated areas.

in the Pacific Union, and we want you to know what a thrill it is to participate with you in God's work of saving souls!

Your generosity through the years has helped the broadcast reach thousands of people in the Pacific Union.

But our work is not yet done. So many people still need to hear. As we lay plans for another year, we turn to you in confidence that your commitment will enable the radio ministry to reach thousands more.

Many of God's people have sacrificed so that His Word could go out. God knows each heart that has been moved, each longing that has found peace through the simple words of faith and hope.

Your gift to the Voice of Prophecy on October 8 will be dedicated to reaching people. Every dollar will go to radio evangelism.

Pray for God to continue to guide this broadcast. Pray for thousands more to find their way to Jesus. Pray for your own family and friends who need God's love, and for your own

And as we pray, let's draw closer to one another. Let's show love to each other. Let's reach out together so we can rejoice forever in the wonderful love of Jesus.

Alcoholism Treatment

Medical Center Given Contract

A \$79,000 contract has been awarded to the Alcoholic Treatment and Education Unit at Glendale Adventist Center by Los Angeles County. It will be used to extend the hospital's Alcoholism Outpatient Service Program.

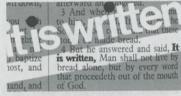

Selection of the GAMC program came from the Office of Alcohol Abuse, a division of the County Health Department, with significant influence from San Fernando Health Region directed by Dr. Doris Harris.

In addition to the known alcoholic, the program will focus on the employed and employable alcohol abuser as well as the alcoholic's family.

This contract will allow the Alcoholic Treatment and Education Unit to expand its services through the Alcoholism Outpatient Program.

People who need help but may not need, or be able to afford hospitalization, will benefit from this service. Financial responsibility will be based on ability to pay.

Target area to be served with funds from this contract is the San Fernando Valley/Antelope Valley Health Region. This in-

Dear Brother in Christ,

Sunday morning on KCRA, Channel 3, I had the privilege of listening for the first time to It Is Written. My Seventh-day Adventist friend who does hair has been urging me my to listen, but my husband is not a Christian and I am unable to turn on the TV to such programs.

However, he was gone this particular Sunday morning and was able to listen; it was a thrill to hear the Good News and to learn the importance of change in one's life.

I'm hoping, when I visit my parents at Thanksgiving time in Porterville, that I will find you on one of the channels they get and that they will be able to hear you.

God bless your ministry. W.A., Orinda, Calif.

a potential for greater leadership for God.

Delegates will be selected from the Adventist men in the local churches. Men who have a desire to dedicate themselves and their businesses to God and for His glory are the type of men who will be chosen.

One of the valuable results of this program is a close fellowship with each other as Christian brethren. The time spent, both in the seminar sessions as well as in mutual sharing and prayer, is invaluable.

Elder Don Christman, the new associate secretary in the General Conference Lay Activities Department and former president of Texico Conference, will be the guest speaker, with Union and local conference personnel attending.

Woodses Teach at Carson City

The Nevada-Utah Conference wishes to welcome John and Wendy Woods to our teaching staff. John and Wendy, graduates of Loma Linda University, were married this past summer and after completion of their summer school program, moved to Carson City, Nevada where Wendy is teaching grades 1-4 and John, grades 5-8

Wendy (née Horning) grew up in Chico, California and is outgoing by nature. She likes to read, collect antiques, and pan for gold. Her goal in teaching is to pass on to her students love for life and help them develop within themselves a

desire to achieve their greatest potential.

John moved from the southern part of the United States to California at an early age and became an Adventist when he was a junior in high school. Among his hobbies are backpacking, hang-gliding and soaring. John says, "I want to share with others the gifts God has given me."

Because of the interest John and Wendy have in gymnastics, art and outdoor activities, the students at Carson City look forward with eager anticipation to each school day.

Rouses' Garden Is a Witness to God's Power

When Grace and Phillip Rouse moved to Surprise Valley, little did they realize that the Lord would use them as witnesses to His miraculous power. Today their testimony is causing many people in the valley to think more seriously about God.

Shortly after moving to Cedarville, Phil and Grace planted a garden and dedicated it to the Lord. What they didn't use would be sold for Investment. Although not a farmer, Phil planted a good-sized garden and worked it so it would give a rich yield.

One day their plans turned

Colfax VBS Draws 54 Local Children

Of the 54 children who attended the Colfax Vacation Bible School in August, only five came from Adventist homes. Each day the lessons covered one day of creation week. Parents and friends filled the church to its capacity at the closing program. Each family was presented with a copy of Steps to Christ by the leader, Mrs. Floyd Gray.

Included in Mrs. Gray's staff of leaders and teachers were Susan Botts, Neil Fanning, Joan, Laurie, and Tammy Gray, Helene Heath, Joan Mathwig, Jeanette Murray, Lorita Slayton, Dena Smith, Ed, Greg, and Maureen Whalin, and Donna Zurfluh.

Elders Ivan Rood and Preston Smith gave generously of their time to make this VBS the most successful one the Colfax Church has sponsored.

to despair as aphides attacked the garden. The turnips, rutabagas, and beets were being ruined. The aphides were so thick that the beet leaves were white with aphides.

At the same time their neighbors had the same problem and turned to pesticides, which in turn ruined their gardens.

Phil and Grace decided to use a different kind of pesticide—prayer. That evening evening they turned in their Bible to Malachi 3:10, 11 and read, "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it. And I will

rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground; neither shall your vine cast her fruit before the time in the field, saith the Lord of hosts."

They knelt down, placed their finger on this passage, and prayed, claiming by faith this promise from the Lord.

They then waited for the Lord to fulfill His promise, and He did! Three days later there wasn't an aphis to be found in their garden! God had answered their prayer and "rebuked the devourer."

Today their garden is abunddant with food, while their neighbors' gardens are dead or dying. The Rouse's garden is a living witness to what God can and is willing to do when we have faith in Him.

Citrus Heights VBS Draws 80

Mrs. Vito Russo directed the Citrus Heights Vacation Bible School which attracted 80 children, 50 of whom were non-Adventists.

So great was the daily excitement that on one morning a young VBS enthusiast woke his mother at 3:30, hoping it was time to get ready.

Studies, stories, crafts, and the examination of a real parachute kept the children busy.

At the end of the two weeks, a graduation program was held during the Sabbath services. It was attended by 13 non-Adventist families. During the program each child received his own completed crafts, workbooks, and a vegetarian cook-

book compiled by Citrus Heights members.

The graduation program was highlighted by a fellowship dinner with many of the guest families attending.

Pastor Ted Calkins visited all the homes of the children and presented Bible Readings for the Home.

As a direct result of VBS, three families are receiving Bible studies. One father of a family that attends church regularly has asked his employer for Sabbaths off. Along with this family, eight other adult non-Adventists are also attending church regularly.

You have just so many minutes to live. Thirty-three per cent of those minutes you are going to spend in bed; about 8 per cent at the dining table; 27 per cent are Sundays and holidays; 5 per cent, at least, are necessary for recreation; and that leaves only about 27 per cent for work.

If every minute were a seed, and you planted it in the ground, and you knew that next year you would have to live on the harvest that you would get, you wouldn't want to miss a single seed, would you?

Watch your minutes! Every one counts.

Hospital Staff Talks about Conditioning Centers

St. Helena Hospital and Health Center specialists in the field of residential conditioning center programs such as Stop Smoking, Weight Management, and Alcohol Recovery were requested to lead out in health-planning groups across the country during September.

A four-man task force, comprised of Clarence Miller, president of St. Helena Hospital and Health Center; Alan Rice, director of the hospital's Health Enhancement Programs; Herschel Lamp, MD, medical director of Health Enhancement Programs; and Health Center Chaplain Duane Grimstad spoke to health educators during "A Better Living Center Workshop" at Loma Linda University September 9-13.

Sponsored by the General Conference, the workshop was charged with establishing guidelines to insure smooth development and operation of future conditioning centers in other states.

"Reconditioning centers, such

at St. Helena's, endeavor to establish a new lifestyle for the participant in an effort to maintain and improve health. There are presently some 32 of these centers in various stages of development across the country, with St. Helena Hospital and Health Center being the pioneer in the field," says Hospital President Clarence Miller.

Miller and Rice delivered presentations on the administration and development of conditioning centers as well as concepts utilizing preventive medicine as a health-care tool. Dr. Lamp related the history of ambulatory residential health care in the country and

Chaplain Grimstad emphasized the total concept of health and preventive medicine as it relates to the spiritual life of the patient.

Alan Rice was also invited by the Eastern States Adventist Health Services Corporation to serve as a consultant on health center development for its five major east coast hospitals, on September 14-22.

After presenting St. Helena Hospital and Health Center's approach to preventive medicine to the staff of each of the five host hospitals, he evaluated their current programs and offered recommendations for future development.

Academy Starts School Year with 256 Students

San Diego Academy began the new school year Tuesday, September 6, with a record en-rollment of 256 students. Principal Bill Pearson anticipates better than average year for the Academy. "The faculty is pulling together in a new way this year. I'm excited about the future of our school," he said.

A united faculty thrust toward teaching students the fundamental skills and discipline necessary for acquiring both Christian and scholastic knowledge and understanding may account for Pearson's attitude on faculty unity. However, campus beautifying and remodeling projects may also provide part of the spark.

New lawn, shrubs, and attractive garden beds around the buildings add a quiet beauty to the busy Academy campus. A vacant lot, purchased at the same time the Academy bought property for the business education classes, is attracting attention from both students and

Total enrollment for Kindergarten through grade 12 is 653. Two new teachers were added to the Academy faculty this year and four to the Elementary and Junior High.

Bob Van Ornam, recent grad-uate of Pacific Union College, the new band teacher for both Elementary and Academy and is teaching one Academy Bible class. His wife, Cheryl, a Pacific Union College summer graduate, is the teacher in the first and second grade combination room.

Judy Keresoma, new wife of Academy Bible teacher Bill Keresoma, is the third grade teacher.

Tom Gwin comes to San Diego Academy from Blythe where he taught high school social studies. He is currently teaching math, world history, and biology at the Academy. Mr. Gwin appreciates the direction and goals of an Adventist school and the dedication

Guild believes that church leaders and laymen are just beginning to realize fully the role radio can play in reaching people during the final days of earth's history.

"Coupled with personal witnessing—and not neglecting the power of television and the printed word—a strong radio ministry can work miracles by God's power in preparing the way for Jesus to come," Elder Guild says.

LLU Clinic Visits Juvenile Hall

Juvenile Hall in San Bernardino, California, is the current program location for the Loma Linda University School of Dentistry's Mobile Clinic. This outreach clinic has been set up at the juvenile facility on a permanent basis for the coming school year, according to Harry Ridgley, DDS, chairman of the department of preventive and community dentistry.

The present program requires three dental students, each uti-

lizing a separate operatory.
"Hopefully in the fall we will be able to add student dental hygienists who will offer oral hygiene instruction to the program," Dr. Ridgley says.

Dental students currently involved in the schedule have expressed appreciation for having the opportunity to serve this target population. They say most of the residents of Juvenile Hall are very cooperative and make excellent patients. READING THE MAIL is a great way to keep in touch with listeners, and Elder H. M. S. Richards, Jr., never runs out of mail to read. Nearly half a million letters arrive at The Voice of Prophecy each year. People write to ask for special prayer, to return a completed Bible lesson, to send a gift for the broadcast, to ask a question about the Bible or Christian living, to request printed materials - or just share a few encouraging words with the staff.

AS ELEANOR PRIEST studied the Bible through the first correspondence course offered by The Voice of Prophecy in the early 1940s, the Holy Spirit spoke to her heart and she asked for a visit by the local pastor. New Nursing Program Proposed

Ward

A "summers only" program leading to the master of science degree in nursing is planned at Loma Linda University begin-ning the summer of 1978 if there is sufficient interest.

"The purpose of such a program is to provide an opportunity for graduate study for nurses who cannot leave their positions for longer periods," says L. Frances Pride, associate dean and director of the graduate program in nursing.

The proposed summer program will be the same as the regular four-quarter sequence and will not replace the present program, but will be an additional route for graduate study in nursing, according to Prof. Pride.

"A student will need to spend five summers to complete the program," Prof. Pride says, "and a new 'summers only' class will begin on alternate summers."

Prospective students must meet all pre-entrance requirements for graduate students as stated in the University bulletin and have all admission materials submitted to the University by March 15 of the year they expect to enter.

Further information may be obtained about the "summers program by writing to Prof. Pride at the School of Nursing, Loma Linda University, Loma Linda, CA 92354.
