sent to any address FREE.

OUR MOTTO: Not how Cheap, but how
GOOD. Honest work.

No. 52, SPECIAL

Buggy is our Leader. We brag about it because we are proud of it. You will be if you have one.

No. 52. SPECIAL BUGGY.

The body is 54 inches long and 20, 22, or 24 inches wide, with round corners. The bottom, instead of being put on top of sill, is dropped down on the bottom, thereby giving extra leg room. It has water beads and nice swell body and seat panels. As a safeguard to hold the bottom in position, instead of using a short malleable loop, we use a wrought loop, running the whole length of sill.

The seat is made $1\frac{3}{8}$ inches deeper than regular, giving better seating capacity. The back is an extra high, solid panel back, so arranged that the top can be taken off and the buggy used for an open job with the back left on when desired.

In the trimming we use genuine imported English cloth, and we can furnish rubber, leather quarter or full leather tops, as desired. In the bottom we use a fine Moquette rug, running the whole length. Also on end and side panels in front of the seat.

The gear is constructed from selected Ohio second-growth hickory, and ironed with wrought forgings, and the springs are all hand-fitted, making them more pliable and elastic.

The axles are the Anchor Brand, double-collar steel, fitted with our new Sand Bands to exclude all dirt and dust, which is a great advantage in the wearing of the vehicle.

Our wheels are all made of selected second-growth hickory, designed especially for this buggy, and tired with the best $\frac{1}{4}$ inch steel tire.

We sell this and warrant it as represented. No equal on the market.

Good, live Agents wanted in every locality.

NOTICE. Our No. 52, Special is built on honor, and we want you to see a sample, as we know it will please and bring you trade. New Catalogue and Price List now ready.

IN SUBMITTING

this circular to our customers, it is with a view of interesting them in new ideas, styles, and substantial improvements, which can be obtained only by years of practical experience. Having met with unequalled success, brought about by careful observance of the demands of the consumer for **GOOD HONEST WORK**, and by furnishing them with it, we have received the best wishes of every customer, which will be respected in the future as in the past. Your inquiries are earnestly requested.

Very respectfully,
MICHIGAN BUGGY CO.

NO. 173. STRAIGHT SILL, EXTENSION TOP SURREY.

Very latest style, best grade. Just what you want.

NO. 169. PHAETON.

A nice, comfortable phaeton with deep seat and high soft back, nicely trimmed and finished. Makes a very desirable turnout. Fully guaranteed.

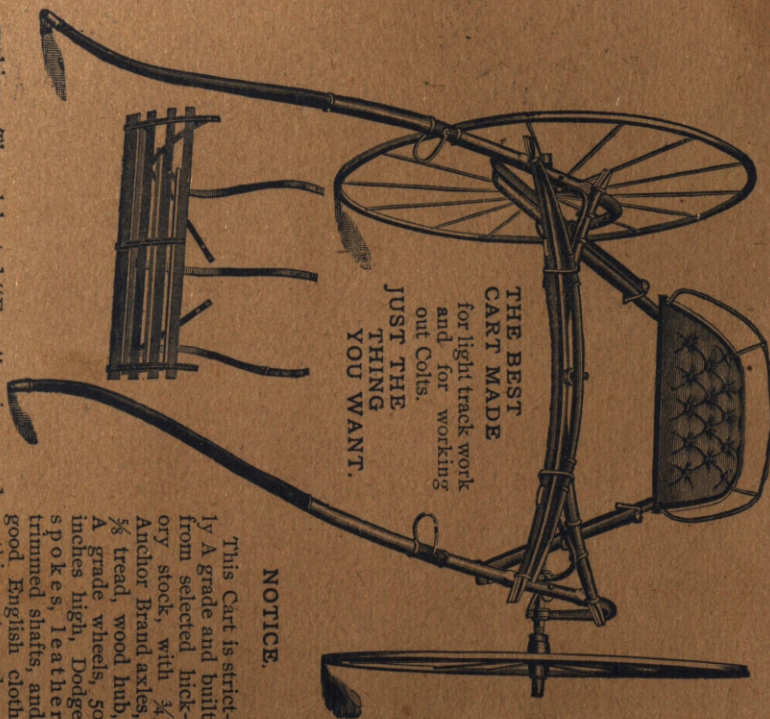

FOR FREIGHT our facilities are unsurpassed. We have four large competitive lines, which is in itself an assurance of low rates and prompt service. We are thus enabled to handle our large trade, secured by honest work and value received. Price, quoted on vehicles delivered at your station, if desired.

NO. 145. THREE-QUARTER CUT-UNDER SURREY.

Made strictly A grade. Large size, No. 145½. Can furnish with either canopy or extension top. The finest surrey of its kind ever offered.

cushion. The celebrated "Easy" springs used on this cart need no comments. The boot can be detached in a second's time, or by simply pulling up the three brace straps, it is pulled up straight on a line with the spring bars, thus relieving the cart of all spring motion. This cart is perfectly balanced by arrangement of bars and seat, thus all weight is removed from the horse's back. The only perfect cart at a moderate price. We also build regular slat and solid body carts. For cuts see catalogue.

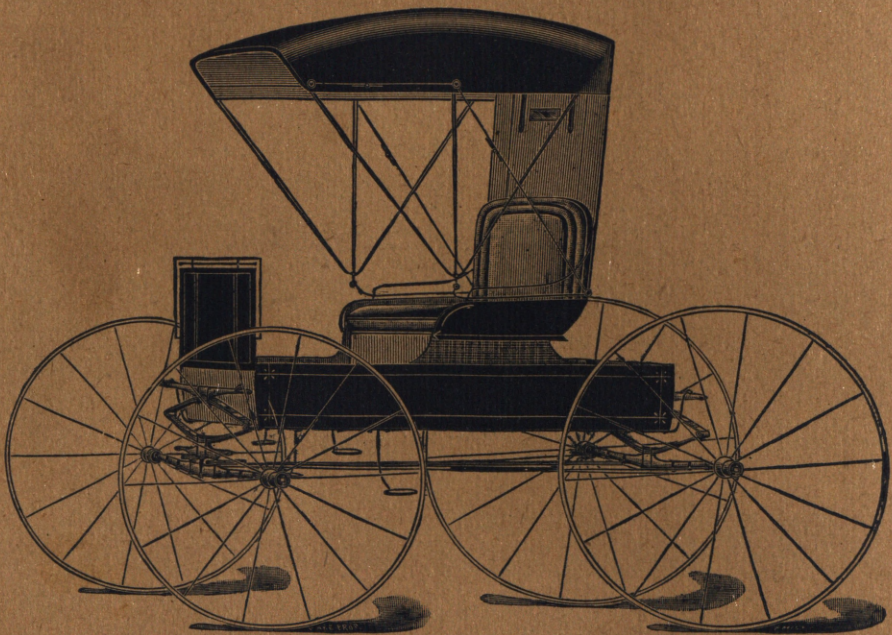

NO. 5. SPEEDING CART.
