GOD'S FAMILY IN THEIR OWN FATHER'S HOUSE

Cut out and mount the frontispiece here. It is in the envelope with the other pictures for the workbook. No picture can ever give us a true idea of all that our generous, loving, heavenly Father has planned to do for His children, but this picture I think will strengthen our desire to live in the beautiful home He is preparing. Don't you think so? Below the picture write these words: It was and still is God's plan that this earth shall be inhabited by righteous people, free from sickness, sorrow, pain, and death.

DIAGRAM No. 2—THE PATRIARCHAL CHAIN

How to Complete the Diagram

Diagram No. 2 should be filled out when you study lessons on pages 85 to 9C, and 119 to 124. It will help you to see how the message of God's great plan was handed down, generation after generation, during the 4000 years from Adam to the time of Christ.

Put the date over each of the four pillars showing the great thousand-year divisions of time B. C.

Study the table on page 506 of "God's Great Plan," and draw links of a chain showing the length of life of Adam, Methuselah, Shem, Isaac, Levi, Amram, and Moses. Be careful to get each link the right length. Each thousand years is divided by dots in hundred-year parts. Draw a line just below the links showing when Noah lived.

Cut out the pictures and mount them in the right places. Print **Creation** and **Christ** in the proper places *below* the pictures, and **Enoch**, **Flood**, **Abraham**, **Law**, **David**, and **Captivity**, *above* the pictures.

Draw lines one inch below the diagram showing the five groups of generations from Adam to Christ. The following scriptures show the number of generations in each group:

Antediluvian Generations—Gen. 5:3, 6, 9, 12, 15, 18, 21, 25, 28, 30.

Postdiluvian Generations—Gen. 10:1; 11:10, 12, 14, 16, 18, 20, 22, 24, 26.

Generations from Abraham to Christ—Matt. 1:17. Write the number of generations on the lines representing each group.

From the table on page 506 and from the diagram opposite, fill the blanks in the following test:

Adam lived with Methuselah years. Methuselah lived with Noah years. He lived with Shem years. The patriarchs and lived both before and after the flood. The lives of and spanned the time between creation and the flood. The lives of patriarchs span the first two thousand years. The names of these men are,, and men were needed to tell the story of Eden until it was written in the book of Genesis. Their names are,,, God told to write these stories in the book we call The last patriarch who could have heard the story of the flood by one who had passed through it was Enoch was translated near the close of the thousand years after creation. Abraham was called near the close

of the thousand years after creation, and David was made king near the close of the thousand years after creation. The flood occurred near the middle of the thousand-year period, between the lives of and God's law was written on stone at Mt. Sinai near the middle of the thousand years, between the lives of and The captivity was near the middle of the thousand years, between the lives of and Counting the names of the generations given in Gen. 5:10:1; 11:10-26, I find that there were generations from Adam to Abraham. These generations cover about of the whole time B. C. I have counted the generations given in Matt. 1:1-16, and find that there were generations from Abraham to Christ. These generations cover about the latter of the whole time B. C. By adding, I find that there were generations from Adam to Christ.

A STUDY ON DIAGRAM No. 3

Read the texts referred to in the following, and then fill out the blanks:

According to Gal. 3:16, 17, the time from the promise given to Abraham (Gen. 12:1-3) to the giving of the law at Mt. Sinai was years. In Ex. 12:40 these years are called the of the children of Israel.

According to Gen. 12:4, Abraham was years old when God promised that his seed should be as the stars. According to Gen. 21:5, he was years old when Isaac was born. According to a custom in those days, Isaac was years old when he was called "the seed," and according to Gen. 21:9, the "affliction" then began. Therefore it was years from the promise to the beginning of the affliction of Abraham's seed. According to Gen. 15:13, the affliction continued years.

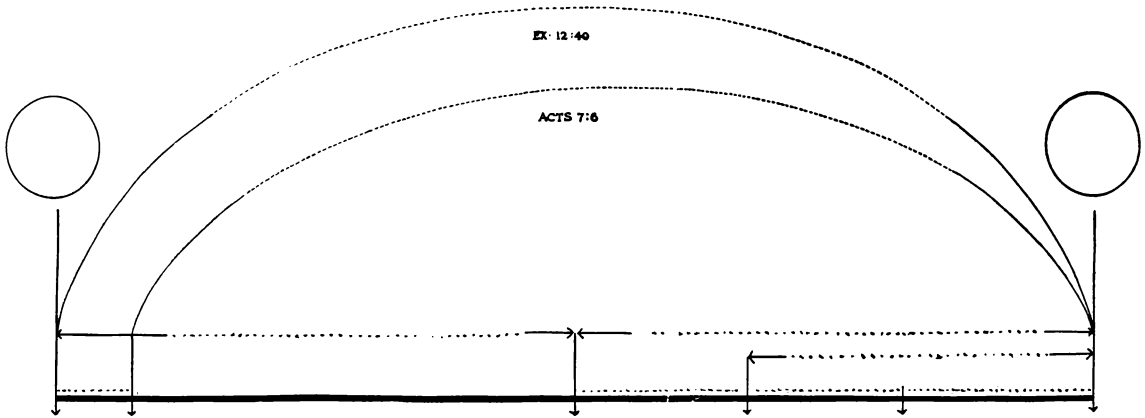

The sojourn in Canaan ended when Jacob moved from Canaan to Egypt. According to Gen. 47:9, Jacob was years old when he came to Egypt. According to Gen. 25:26, Isaac was years old when Jacob was born. Isaac was born years after the promise was given to Abraham. Therefore, it was years from the promise to the end

of the sojourn in Canaan. This was just of the 430 years. Therefore the sojourn in Egypt was years.

According to Gen. 41:46-48 Joseph was years old when the years of plenty began. According to Gen. 45:11, the year of the famine was past when Jacob came into Egypt. Therefore at this time Joseph was years old. According to Gen. 50:26, Joseph was years old when he died. Therefore from the beginning of the sojourn in Egypt to the death of Joseph it was years, and years from the death of Joseph to the end of the bondage in Egypt.

According to Acts 7:23, Moses was years old when he fled from Egypt to the land of Midian. Verse 30 says he stayed there years. Then God called him to return to Egypt and deliver the children of Israel. Therefore from the birth of Moses to the deliverance of Israel it was years. Therefore it was years from the death of Joseph to the birth of Moses.

SANCTUARY PROBLEMS TO SOLVE

NOTE: A shekel of silver is said to be valued at 2s. 8d., or 64 cents; a shekel of gold about £2. or \$9.60. A talent of silver

is valued at about £400, or \$1,920.00; a talent of gold at nearly £6,000, or about \$27,275.00.

1. If the host of Israel covered at least 12 square miles (as it has been estimated), how many square rods would there be for one man's family, with his flocks and herds, not counting the "mixed multitude"? Ex. 12:37, 38.
2. What was the total value of the sockets into which the tenons of the boards fitted? Ex. 38:27.
3. What was the value of the rest of the silver used? Ex. 38:25.
4. What was the value of the gold used? Ex. 38:24.
5. What was the total value of the silver and gold used?
6. What would be its purchasing value to-day, with a day's labor then worth 15 cents, and now \$5.00?
7. What would the candlestick and its vessels be worth in to-day's money value? Ex. 37:20, 24.
8. A talent of gold weighed about 88 pounds Troy; a talent of silver weighed about 94 pounds Troy; how many tons avoirdupois did the 29 talents of gold plus the 100 talents of silver weigh?

MAP No. 3—THE FOUR WORLD KINGDOMS

How to Complete Map No. 3

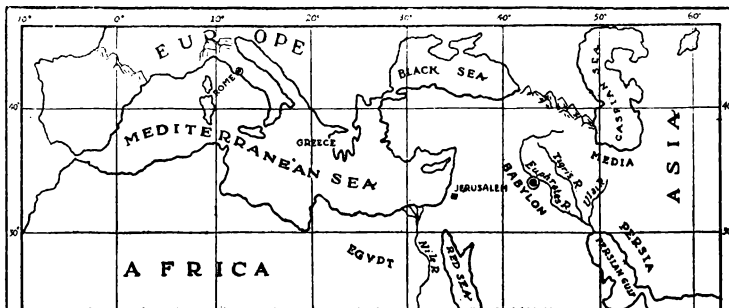

With colored crayon outline the four world kingdoms of Daniel's prophecies as indicated by the name at the left of each

map. Refer to the map on page 180 of "Bible Lessons" for these outlines. Give the dates of the rise and fall of each kingdom.

BABYLON

Rise.....

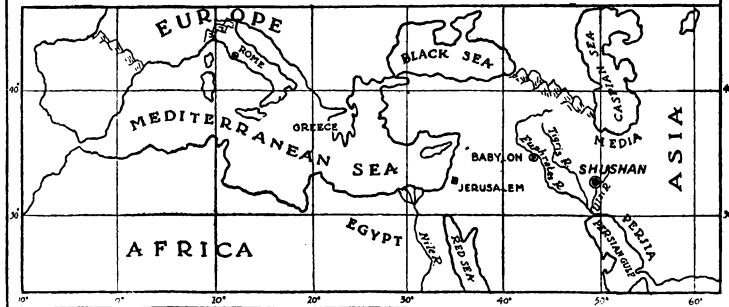

Fall.....

MEDO-PERSIA

Rise.....

Fall.....

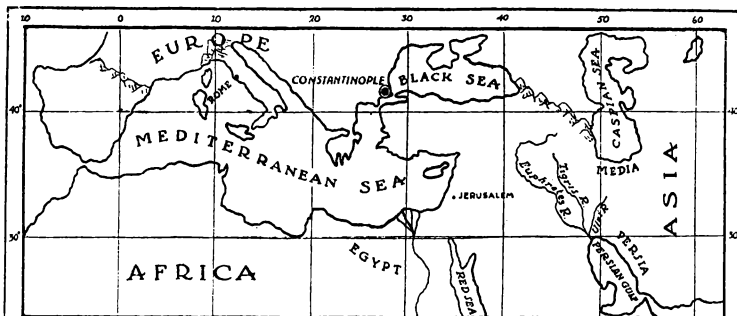

OF DANIEL'S PROPHECIES

GRECIA

Rise.....

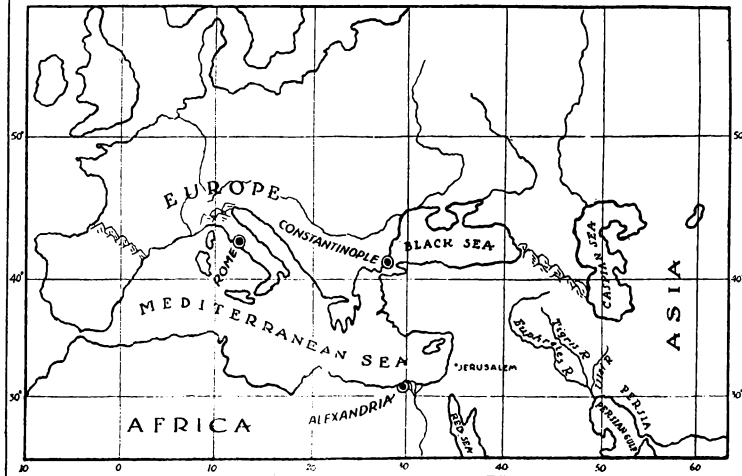

Fall.....

ROME

Rise.....

Fall.....

183. After studying lesson 3, page 177, cut out and mount the great image and the stone. In the proper places on the image print the names of the four kingdoms represented and the ten divisions. In the margin at the left give the dates of the rise and fall of each kingdom. Mount the stone opposite "The End"; below it print: **The Stone Filled the Whole Earth.**

200. After studying lesson 7, page 197, cut out and mount in the proper places the first three beasts described in Daniel 7.

206. After studying lesson 8 or 9, cut out the fourth beast of Daniel 7. Cut the slit in its head along the dotted line in the forehead. Mount it in the proper place, but do not paste below the slit to the lower edge of the beast. Cut out the little "stout" horn. Lay the end of a 5-inch piece of black thread on the back of the horn downward, and the end of a 7-inch piece of white thread upward to the point of the horn; then paste a strong piece of stiff paper over the threads and the whole back of the horn, thus fastening firmly one end of both threads. Insert the lower end of the horn into the opening on the beast's head. Prick a hole through the page of your workbook just back of the upper point of the horn and draw the white thread through it to the back of the page. Strengthen this spot of the page by pasting a tiny circle of thin cloth over it. Prick another hole through the page directly below this first hole at the lower edge of the picture, and draw the white thread up through it on to the right side of the page. Strengthen this spot by pasting thin cloth as above. Thread the black thread into a needle and push

it down between the picture of the beast and the workbook page, just back of the beast's head along the place where you did not put paste.

Your picture should now be in working order. By gently pulling the black thread the little horn disappears; by pulling the white thread it comes up and covers three horns. This helps us to understand how Daniel saw it when, as the prophecy states, "before whom three (horns) fell; even of that horn that had eyes, and a mouth that spake very great things, whose look was more stout than his fellows." Dan. 7:20.

209. After studying lesson 10, page 206, cut out and mount the picture representing the Judgment. Near it print the words: **The Judgment Was Set, the Books Were Opened.**

215. After studying lesson 12, page 212, cut out and mount the ram and the he-goat of Daniel 8.

219. After studying lesson 13, page 216, cut out and mount the goat with the little horn which waxed exceeding great. In the space below this and opposite "The End" draw a small diagram of the sanctuary, and below it print the words of the angel found in Dan. 8:14: **Unto 2300 Days.**

Reading the diagram from left to right tells all the symbols in these three prophecies that represent Babylon, Medo-Persia, Grecia, and Rome. Reading from top to bottom tells the events of each chapter in their order down to the end of time.

HOW TO COMPLETE DIAGRAM No. 7

After studying lessons 16 and 17, pages 231 to 238, complete diagram 7 as follows:

1. Print the angel's words found in Dan. 8:14, and the first clause in Dan. 9:24 on the curved lines that span the periods of time spoken of in the verses.
2. Indicate the two main divisions of the 2300 days, namely the 70 weeks and the remainder of the 2300-day period. How many years in 70 prophetic weeks? After cutting off this period of time from the 2300, how many years would be left? Print this on the diagram.
3. What event occurred at the beginning of the 70 weeks? Cut out and mount the picture showing this event. At the arrow pointing downward place the date. What scripture gives this event? Write the reference just below the date.

BIBLE READING ON BAPTISM

Make the following sentences express the truth, by writing the correct word or words in the blank. Then verify your work from the texts given.

Do this after studying pages 329-334.

Mount here the baptismal scene from your envelope.

"Therefore are we buried with Him by baptism into death."

1. After believing on Christ as our Saviour, we should be Mark 16:16.
2. Jesus was baptized in the River. Matt. 3:13.
3. He was in the water. Rom. 6:4.
4. Before we are buried by baptism, we must be to sin. The body of sin is for we have determined that henceforth we shall not Rom. 6:2, 6.
5. When we are raised out of the water, we should walk in for we have put on Rom. 6:4; Gal. 3:27.
6. By baptism we show our faith in the and and of Christ. Rom. 6:3-5.
7. We are baptized in the name of the and the and of the Matt. 28:19.
8. When we repent, there is in the presence of the Luke 15:10.
9. Then Jesus is not ashamed to call us Heb. 2:11.
10. Then the Father loves us as He loves John 17:23.
11. Then the bears witness that we are the of God's family. Rom. 8:10. Our names are then written in the family record book—the Book of Life.

My New Life

Take my life, and let it be
Consecrated, Lord, to Thee;
Take my hands, and let them move
At the impulse of Thy love.

Take my feet, and let them be
Swift and beautiful for Thee;
Take my voice, and let me sing
Always, only, for my King.

Take my lips, and let them be
Filled with messages for Thee;
Take my silver and my gold,—
Not a mite would I withhold.

Take my moments and my days,
Let them flow in endless praise;
Take my intellect, and use
Ev'ry pow'r as Thou shalt choose.

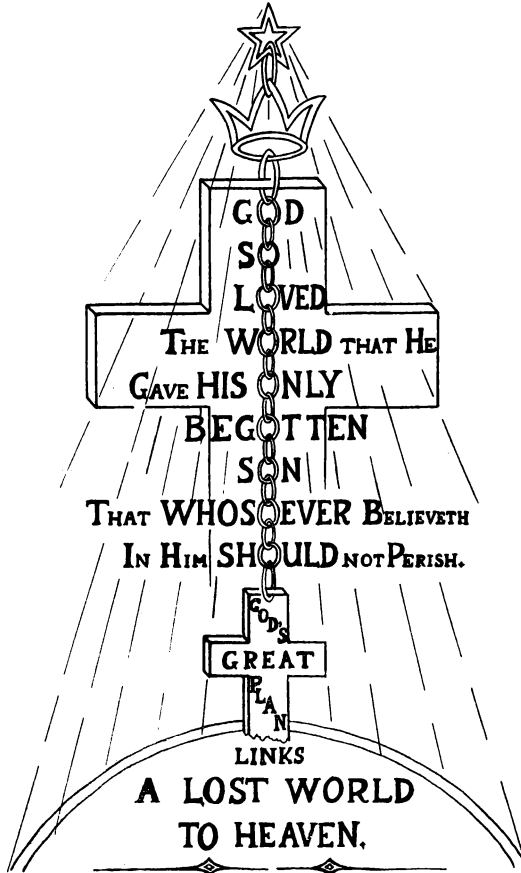

Take my will, and make it Thine:
It shall be no longer mine!
Take my heart,—it is Thine own,—
It shall be Thy royal throne.

Take my love, my Lord; I pour
At Thy feet its treasure-store;
Take myself, and I will be
Ever, only, all for Thee.

SUGGESTIONS FOR COLORING

GOLD: Chain and border of crown
 WHITE: Rays of light
 RED: Small cross
 GREEN: Earth's circle
 SKY BLUE: Centers of star and crown and border of large cross

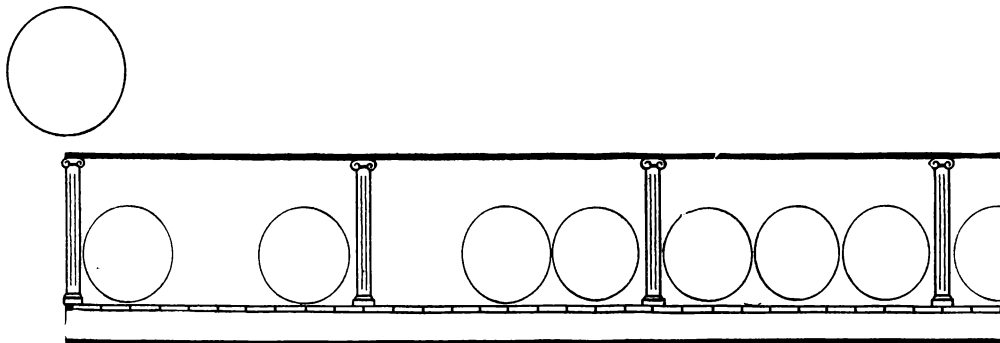

Blest they who seek
 While in their youth,
 With spirit meek,
 The way of truth.
 To them the Sacred Scriptures now display
 Christ as the only true and living way;
 His precious blood on Calvary was given
 To make them heirs of bliss in heaven.
 And e'en on earth the child of God can trace
 The blessings of his Saviour's grace.

For them He bore
 His Father's frown;
 For them He wore
 The thorny crown;
 Nailed to the cross;
 Endured its pain;
 That His life's loss
 Might be their gain.
 Then haste to choose
 That better part
 Nor e'en refuse
 The Lord thy heart,
 Lest He declare,
 'I know you not,
 And deep despair
 Should be your lot.

Now look to Jesus, who on Calvary died,
 And trust on Him who there was crucified.

DIAGRAM No. 1—THE WORKING OUT OF GOD'S PLAN

Explanation of the Diagram

"FOR FOUR THOUSAND YEARS, Christ was working for man's uplifting, and Satan for his ruin and degradation. And the heavenly universe beheld it all. When Jesus came into the world, Satan's power was turned against Him."—*D. A.*, p. 759.

"FOR SIX THOUSAND YEARS, Satan's work of rebellion has 'made the earth to tremble.' He has 'made the world as a wilderness, and destroyed the cities thereof.' And 'he opened not the house of his prisoners.' For six thousand years his prison-house has received God's people, and he would have held them captive forever, but Christ has broken his bonds, and set the prisoners free.

"FOR A THOUSAND YEARS, Satan will wander to and fro in the desolate

earth, to behold the results of his rebellion against the law of God."—*G. C.*, pp. 659, 660.

As stated in these quotations, the time between the entrance of sin and its removal from this earth will be approximately 7,000 years—4,000 before the time when Jesus came to live here as a man, 6,000 until the resurrection of the saints, and 1,000 when Satan will be left alone on the desolate earth. No man knows the day or the hour of Jesus' coming, but we know that the last generation of people who will live before the Lord comes (Matt. 24:34) is now living on the earth. We also know that the sixth thousand-year period, the one in which we are living, will be cut short, for God "will finish the work, and cut it short in righteousness." (Rom. 9:28.) The space between any two pillars in the diagram represents 1,000 years.

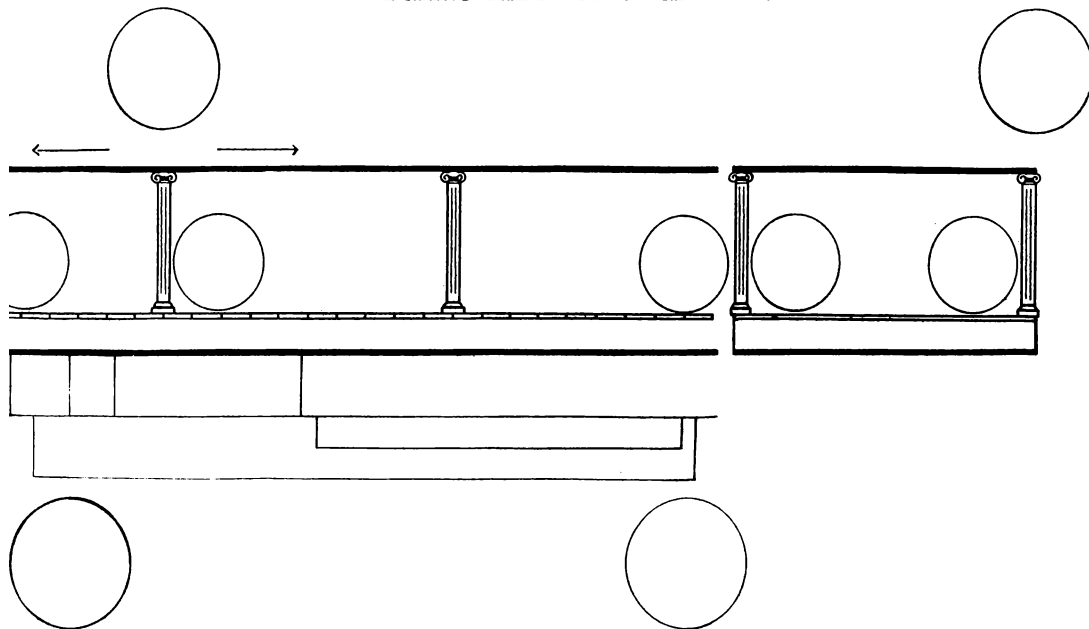

How to Complete the Diagram

At the left of the diagram print the words: **God's Plan Begun in Heaven in "Times Eternal."** At the right print these words: **God's Plan Finished in the New Earth.**

From the gummed sheet in your workbook envelope cut out the circle containing the star for diagram No. 1, and mount it above the pillar that shows when Jesus came to live here. Below the star print the word **Christ**; above it print **Birth of Christ**. Print **B. C.** and **A. D.** at the arrow points, showing which part of the diagram refers to events before Christ and which after Christ. Above the other pillars mark 1000, 2000, 3000, 4000 B.C. and 1000 A.D. Mark also "**Our Time**."

When studying "Bible Lessons" referred to in the following pages, cut out the pictures that represent the various events, and mount them in the proper places in the diagram:

76. Creation. Print **Creation** above the picture representing this event. Print **Adam** and **Enoch** in the open space below the pictures showing when they lived.
82. The flood. Print **Noah** in the open space below.
85. The tower of Babel. Print **Babel** below.
90. God's call and promise to Abraham. Print **Abraham** below.
123. The giving of the law. Print **Moses** below.
155. Israel ruled by judges; schools of the prophets established. Print **Samuel** below.
166. The kings. Print **David** below. The captivity. Print **Daniel** below.

183. Print the names of the four world kingdoms of Daniel 2, giving dates of rise and fall of each. Print also **Ten Divisions of Rome**.

206. The 1260-year period of papal persecution. Give dates of beginning and close.

237. The 2300-day period of time. Cut out and mount the pictures that show the events beginning and closing this period. Give dates. Circle with colored crayon the event showing when Jesus began His work in the most holy place.

305. The ascension of Jesus—Beginning His work in the holy

place of the heavenly sanctuary. Draw a colored circle around this picture.

318. Notice on the diagram how many thousand-year periods approximately the patriarchs had to witness for Christ, how many the Jewish nation had, and how many the Christian church have.

404. Giving the crowns of victory.

462. Reaping the harvest of the earth when Jesus comes.

484. Satan bound 1000 years. In the space below this picture print: **Earth Desolate; Saints in Heaven**.

490. The descent of the holy city. Print **Descent of the Holy City** above this picture.

After studying lesson 3, page 390, cut out and mount the first and second seals. Color the horses as described in the prophecy. Near the top of the diagram on the lines between the seals, place the dates showing when the events of each seal began. Below each seal name the main symbols, giving their interpretation in as few words as possible. Give also the Bible references. Follow the model given for the first seal.

After studying lesson 4, page 392, cut out and mount the next three seals, giving dates, symbols, interpretation, and Bible references, as before.

After studying lesson 5, page 395, cut out and mount the sixth seal. Below it name the three signs mentioned, and give the date of each. Mount the pictures representing the two great closing events described.

After studying lesson 6, page 400, print the words **Silence in Heaven** on the seventh seal. Below the seal give the time of this silence — prophetic and literal — and tell the cause of the silence in heaven.

Cut out and mount the picture illustrating the coming of Christ with all the angels. Give Bible reference for this seal.

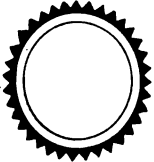

Number each seal.

How to Make the Scroll

When you have completed this diagram, if you wish to make the scroll, or book, first prepare two smooth sticks with a knob at each end on which to roll the scroll. Make the sticks a little longer than the width of the scroll and large enough to support the scroll. Make a page like the one in your workbook as large as you prefer. Paste the right and left edges of the pages firmly to the sticks you have prepared. Roll the diagram up around the right stick. Cut seven seals of red paper (gummed if possible). Fasten one-half of each seal to the left stick as indicated by the small semi-circles at the left of the diagram, leaving the other half to fasten over on to the scroll, thus securely sealing the book. When the Lamb took the book from the Father's hand, He loosed the seals, and then opened the scroll one section, or seal, at a time. When you have finished the scroll, open it and explain each seal. As you unroll the scroll from the right stick, roll it up around the left stick so that only one seal can be seen at a time.

Number the trumpets. In addition to the number write the word **Woe** on the trumpets that were called woes. Cut out and mount the pictures illustrating the first four trumpets. On the curved line spanning these write the result of these trumpets. Give Bible reference below each picture.

Cut out and mount the picture illustrating the fifth trumpet. On the curved line write the result. Give the reference below.

Do the same with the remaining two trumpets. Mount the crown near the end of the curved line spanning the seventh trumpet. Below it write the words: **Mystery of God Finished.** Below the picture of Armageddon write the words: **Armageddon, the Great Battle.**

From the diagram think through the events of this line of prophecy.

HOW TO COMPLETE DIAGRAM No. 12

While studying pages 431 to 447, fill out that part of the diagram which belongs with each lesson, as follows, putting all printing on the given dotted lines. Under each of the three beasts give the Bible reference describing it. On the vertical dotted line at the right, tell what becomes of the beasts. The divisions in the top horizontal line represent hundred-year periods.

LESSON 1. Cut out and mount the pictures that tell the event beginning and the one closing this line of prophecy. Cut out and mount the dragon. Color it red. In the proper places print these statements which show the work of the dragon:

- Attempted to destroy the Babe of Bethlehem.
- Persecuted woman with "flood" for "time and times, and half a time."
- "The earth helped the woman."
- Makes "war with the remnant of her seed."

Give dates where the arrow points indicate, and the Bible reference for each statement.

After each of the following symbols write briefly its interpretation:

- The Woman—
- Sun—
- Moon —
- Twelve stars—.....
- The man Child—.....
- Time, times, and half; 1260 days—.....
- Remnant of her seed—.....
- The Great Red Dragon—.....
- Seven heads—.....
- Ten horns—.....
- War in heaven with Michael—.....
- Third of stars—.....
- Flood cast after the woman—.....
- Earth swallowed up the flood—.....
- Cast out of heaven—.....

LESSON 2. Cut out and mount the leopard beast in its three stages. In the proper place on the dotted lines print these statements in the diagram, giving reference for each:

Had power 42 months. Deadly wound received. Deadly wound healed. After each of the following symbols write briefly its interpretation:

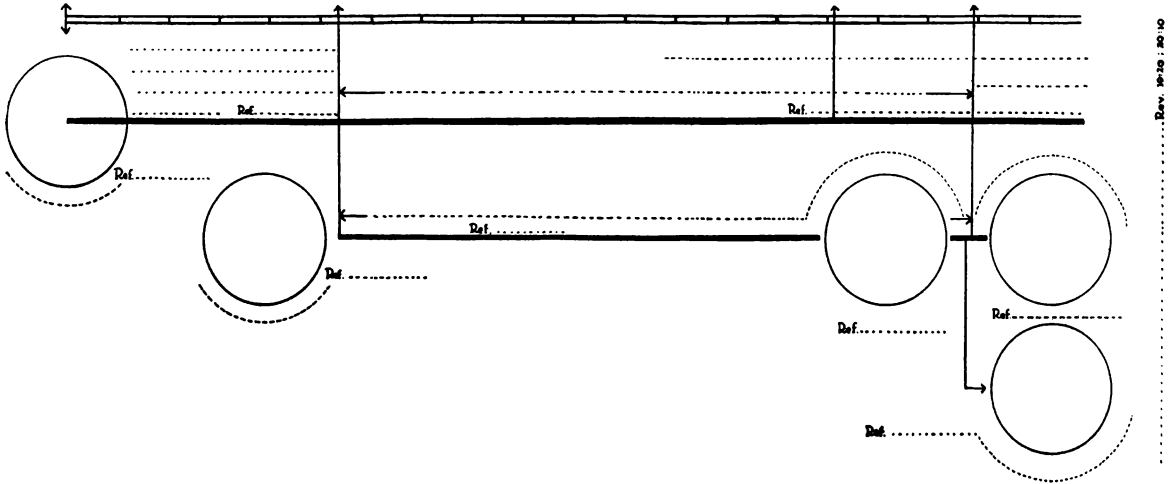

- The Leopard Beast—.....
- *Seven heads—.....
- Ten horns—.....
- One head wounded to death—.....
- Deadly wound healed—.....
- Spoke blasphemies—.....
- Made war with saints—.....
- Had power 42 months—.....

LESSONS 3, 4. Cut out and mount the picture of the two-horned beast. Give the date when the two-horned beast arose. After each of the following symbols give its interpretation:

- Another Beast—.....
- Came up out of the earth—.....
- Two horns like a lamb—.....
- Spake as a dragon—.....
- Made image to the first beast before him—.....
-
- Requires all to receive the mark of the beast—.....
-

* It is generally agreed that the seven heads of the great red dragon and the leopard beast represent the great powers that Satan has used and will use to persecute the people of God. Prominent among these powers are Babylon, Medo-Persia, Grecia, pagan Rome, and papal Rome.

DIAGRAM No. 12—THE THREE PERSECUTING POWERS

HOW TO COMPLETE DIAGRAM No. 13

While studying the lessons on pages 449 to 463, fill out the diagram as follows:

Lessons 1 and 2: Cut out and mount the star indicating the birth of Christ. At the arrow points print B.C. and A.D. On the upper curved lines indicate the number of years B. C. plus the number A.D. that together make up the 2300 years of Dan. 8:14. Start at the **spring** of the year, for the people of that time first counted from the spring to figure out the time when the **sanctuary** would be cleansed. On the dotted lines at the proper arrow points show the dates first learned at the beginning and at the end of the 2300 days. Cut out and mount the picture that represents the first angel's message—the message that told about the 2300 days and the cleansing of the sanctuary. Below the picture give the reference where this message is recorded. Print the words **First Disappointment** on the dotted lines at the proper arrow point.

Print the words **Tarrying Time** in the space showing when the people passed through this experience of waiting to understand the prophecy. Cut out and mount the picture showing the prophecy. Cut out and mount the picture showing the "Commandment of Cyrus, and Darius, and Artaxerxes." Indicate the **season** of the year when this decree was actually completed, and give the reference in Ezra. On the lower curved lines indicate the number of years B. C. from the **autumn**, when this decree was really given, plus the number A. D. to make up the 2300

years of Dan. 8:14. Mark the year and the season to which this brings us. Give the month and day, and the Bible reference in Leviticus 16 for the day of atonement when in the type the sanctuary was cleansed. Print the words, **Midnight Cry** showing when this second date began to be preached. Cut out and mount the picture showing when the second angel's message was preached. Give the reference below. Print the words **Second Disappointment** showing when this took place.

Lesson 3: Cut out and mount the pictures showing when the third angel's message began to be preached, and the **event** that the people learned had actually taken place at the end of the 2300 years. Give the reference showing where this message is recorded.

DIAGRAM No. 15—THE HOLY CITY

Keep diagram No. 15 before you as you study pages 494 to 499. The names of the tribes that were sealed, are given in Rev. 7:4-8. Notice that the order of the tribes is the same as given on page 143 of "Bible Lessons," except that in the New Jerusalem Joseph takes the place of Ephraim, and Levi the place of Dan.

Color the streets gold. Color the River of Life blue as it flows from the throne in four directions "in the midst of the street of it." Give touches of green to the tree of life arching the river and growing along its banks. Color the rainbow about the "great white throne." Give wavy touches of color to the jasper wall and straight lines of color in the twelve foundations.

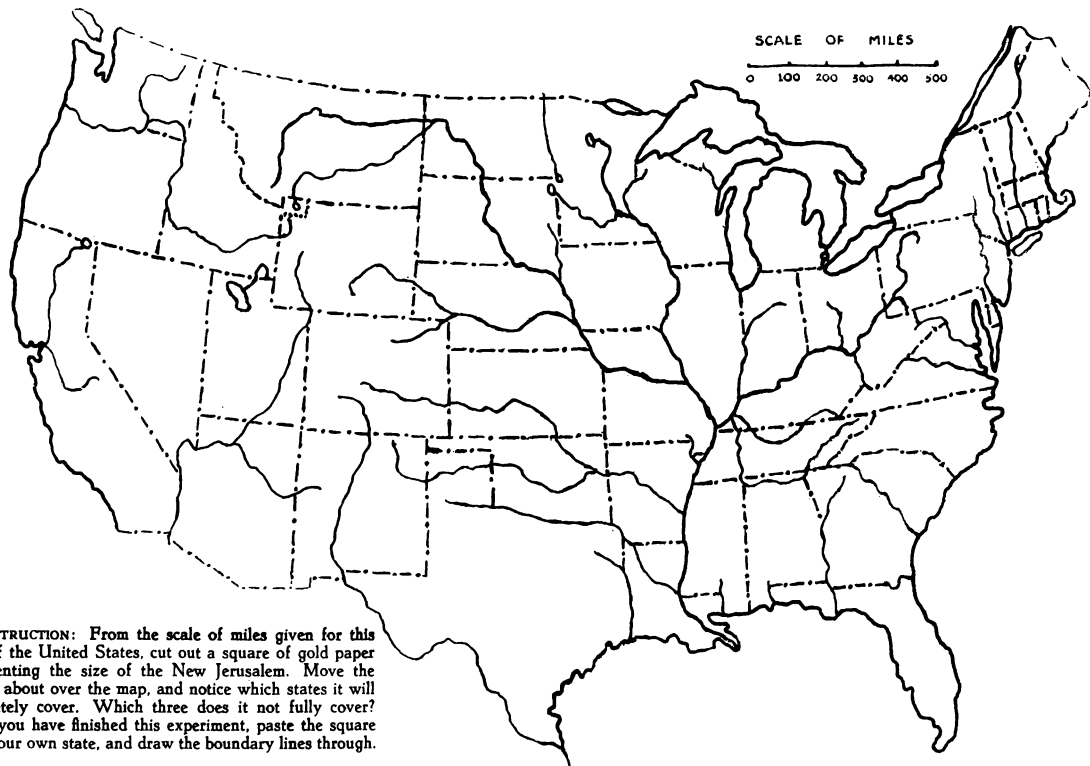

The Holy City

51

1. How many miles long would a table have to be to seat 144,000 people, giving to each person 3 feet of space, and seating the people along both sides of the table? Suppose each of the 144,000 is the head of a family of ten, how long a table would be needed to seat all the families?
2. How many miles around the holy city? Rev. 21:16. What is its width? its length? its area in square miles?
3. How many square miles in the State in which you live? How does this compare with the area of this city?
4. How many mansions could be built in the twelve border squares, allowing one acre to each mansion?
5. How many people could meet for worship on the four squares around the throne allowing one square yard for each person?
6. How many people could live in the space covered by the New Jerusalem if they were distributed as they are in the 62 largest cities in the United States as given on page 496 of "Bible Lessons"?
7. What is the height of the highest building in your town? How does it compare with the height of the city wall?
8. Allowing 15 miles for the width of three streets and the river on each side of the city, what would be the length of each of the sixteen squares? How many square miles would each contain? If each of the 12,000 of a tribe is the head of a family, how many acres would each family average?

TO THE PUPIL: Color the sweet pea spray with crayon or water color. As you complete each memory selection, your teacher will affix a gold star (No. 4), where the white star is now. When all the selections have been learned, if you wish to frame your certificate and hang it up in

your room at home, cut out this page at the dotted line near the binding.

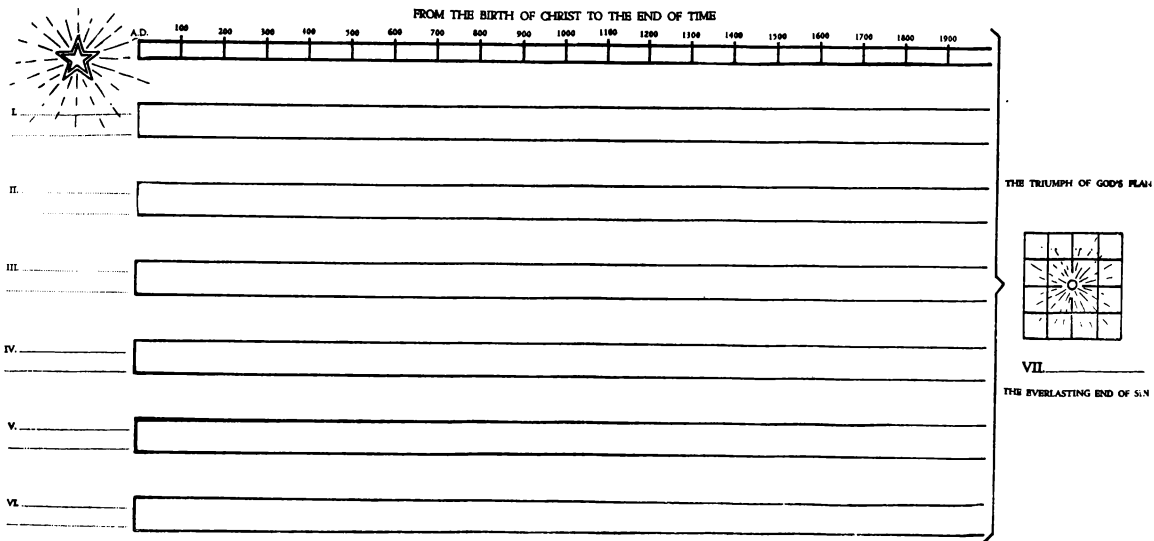

TO THE TEACHER: If you cannot get the star seals at your local stationery store, send to Milton Bradley, Springfield, Mass.

After finishing page 502, write from memory the subject of each chapter. At the left write the subject of each group of chapters.

DIAGRAM No. 16—THE PROPHECIES OF REVELATION COMPARED

Review of Important Dates and Events to Remember

This diagram is a review of the important dates and events in the prophecies of Revelation. The upper oblong shows the entire time from the birth of Christ to the end. It is divided into hundred-year periods.

On the dotted lines I to VII, write in order the names of the seven lines of prophecy given in Revelation.

With the top oblong as a guide, mark off each of the other oblongs as follows:

I. On the first oblong show the first line of prophecy in Revelation—the seven divisions of the true church of God. At each division put its date and event. In the proper place *in the oblong* write the name of each church.

II. In the same way divide oblong No. II to show the second line of prophecy—the seven seals, or the seven divisions of the apostate church.

III-VII. Likewise mark off the other prophecies.

Remember all these dates and the events they represent.

Compare the prophecies as follows:

1. Which four cover about the same period of time? How long?
2. What is the longest period of time in each of them? What year and event marks its beginning? its close? What evil power was at work during this time?
3. In which of these prophecies is the United States referred to?
4. What great events in the other prophecies took place about the same time as the discovery of America?
5. Notice the comparatively short time during which God's last message is going to the world.
6. Which prophecy covers the shortest time? How long?
7. Which prophecy is beyond the end of time?

To the Teacher

On nearly every page of this workbook, there is instruction telling the student *what* to do, *how* to do, and *when* to do. At the proper time, direct him to read each instruction carefully and endeavor to interpret it himself. A real student will not expect the teacher or any one else to do for him what he through faithful effort can do for himself.

Division of the Year's Work

Notice the division of the year's work into periods and semesters on page 1. Those who follow this division will get the best results. Chapter I lays the foundation for the entire year's work, and should not be hurried over too rapidly. Take time to discuss these important truths with the student, so that he may assimilate them. This chapter should have a full period of six weeks.

Much of the material in Chapters II and III is more or less familiar to most students. Help the student to see the relation of these lessons to the plan of salvation. These chapters should have five or six weeks' time.

Chapter IV is largely new material, but it is not difficult. It continues to unfold God's Great Plan. These simple lessons leading as they do down to our own time are thrilling, and should help the student to sense the importance of the times in which we are living. Do not be satisfied with thorough work on *facts* merely. Help the young mind to grasp the *meaning* of these facts. With Chapter IV ends the work of the first semester.

The Second Semester. Chapters V and VI again deal with material which is already familiar to most of the students. In this connection it is reviewed so that the development of the plan of salvation may be unbroken. To omit or hurry too rapidly over them is to give the student a broken appreciation of God's great work for *him*. These are *personal* chapters—help the student to apply them personally. In most classes five weeks should be sufficient for these chapters.

Chapters VII to XIII are designed to give the student a simple yet fairly comprehensive view of the truths contained in that wonderful book of Revelation—that book which is especially for our time. Chapter VII—the Seven Churches—lays the foundation for the remainder of the book. A little extra time spent here will lighten and illuminate the work for all the following chapters. Be sure that the student gets a strong hold of this line of prophecy.

Chapters VIII, IX, and X cover practically the same period of time as Chapter VII, though from a different angle. By comparing these chapters, the lessons in each are deepened and more firmly fixed in the memory.

Chapter XI deals with our own time and has a close bearing on Chapter VI. Point out this relationship.

Chapters XII and XIII look into the immediate future. They are the climax of the year's work. By earnest study and prayer, the Holy Spirit through the consecrated teacher will make lasting impressions on the hearts of the students that will bear fruit in eternity.

The workbook pages for these chapters follow:

Pages 2 to 15 for Chapters I, II, and III.

Pages 16 to 23 for Chapter IV.
Pages 25 to 30 for Chapters V and VI.
Pages 31 to 56 for Chapters VII to XIII.

Diagrams. There are sixteen diagrams in this workbook. Diagram No. 1, on pages 28 and 29, gives a bird's eye view of the entire plan of salvation. This should be filled out in installments at proper intervals—perhaps at the close of chapters 2, 3, 4, 5 and completed near the close of the school year. It should give the student correct *relative* ideas of the various events in the great week of time.

The best time to fill out the other diagrams is immediately after completing the class study on the subject. Print is better than script, as it looks better.

The best possible preparation for this individual work is the filling out on the blackboard, or on large sheets of strong paper, a diagram like the outline in the workbook as a class project from day to day as the study progresses. Any of these large diagrams make most excellent material for school programs, for nothing gives Christian parents such satisfaction as having their children understand and explain Bible truth.

Maps. Before asking the student to fill out any of the maps in the workbook, be reasonably sure from sufficient class work that he fully understands how to do the work. Help him to establish the *habit* of locating on the map every place mentioned in any lesson at the time he is studying the lesson.

Bible Readings. There are three of these: The Law of God on page 4, Baptism on page 26, and the New Earth on page 52. An enjoyable and profitable drill on these lessons is to make a set of cards with the question on one side and the Bible reference on the other. Display the questions consecutively before the class, and let the students in turn, or as called upon, or until a mistake is discovered by another student, give the Bible reference with its answer to the question in the *language of the text*. Vary the exercises by letting the entire class *write* the whole list of Bible references as the questions are displayed, or let them see how quickly they can find the references in the Bible. Turn the cards over displaying the text, and let the student ask the question which the text answers or give the point told in the text. Again, the card may be given to the student who first responds, and when all are given out, the one who has the largest number of cards may display the set before the class, thus giving the pleasure of the socialized recitation.

Chapter Titles to Remember. These lessons found on pages 5, 23, 30, and 55, are an agreeable change from the usual memory verse drill. They are a distinct help in familiarizing the student with various parts of his Bible. Prepare him for these lessons in various ways, as:

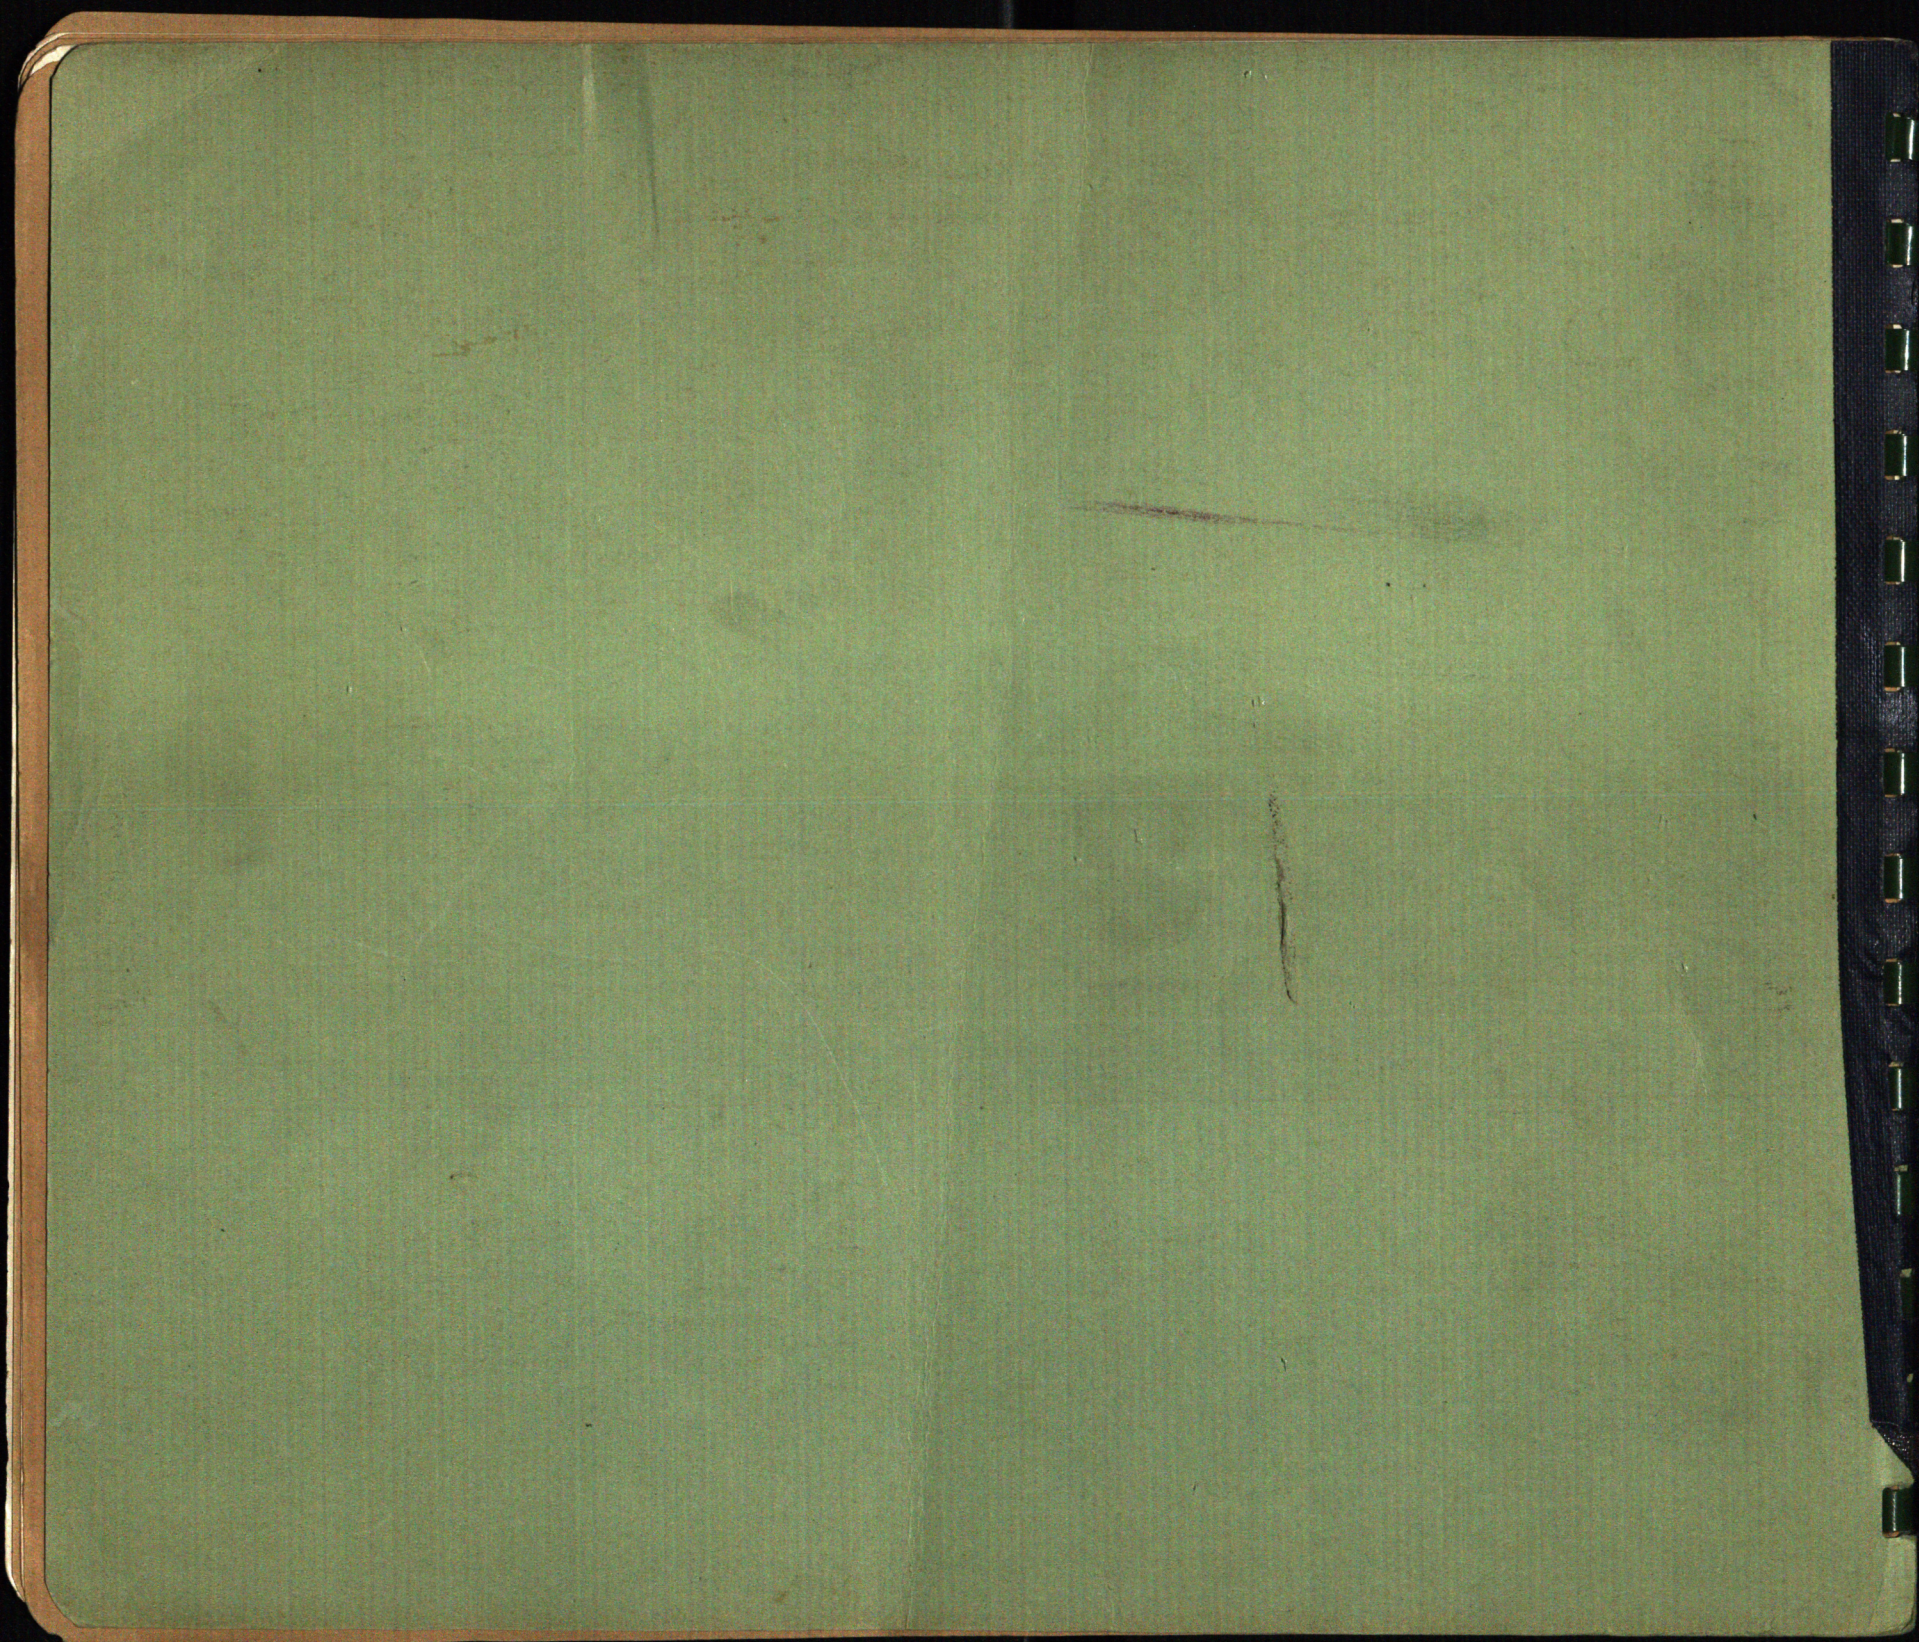

1. Name the topic to be located. Pupils turn quickly to the chapter.
2. Write list of topics on the blackboard. Pupils race to find and write the corresponding chapter numbers.
3. Let pupils see how many chapters they can find in a given time.
4. Write chapter numbers on blackboard. Pupils "spell down" or "spell up," giving the topic found in each chapter.
5. Use cards as for "Bible Readings."

The Sanctuary. At the discretion of the teacher, pages 11, 12, 13, and perhaps 14 may profitably be made oral class projects.

Problems to Solve. The purpose of the problems on pages 15 and 51 is to awaken in the student more vivid, real, and accurate ideas about the sanctuary and the holy city. They are not primarily lessons in arithmetic.

Preserving the Workbooks. Because of the permanent value of this as well as the other workbooks of this series if they are correctly filled out, encourage the student to preserve them. They will be helpful in all his future Bible study, whether in the academy, the college, or in later life.

Finally. While wise and repeated drills are necessary to the perfection of any study, avoid drilling to the point of weariness. Keep ever in mind that the supreme goal to be reached in the Bible class is—*not* memory work, *not* brilliant recitations, *not* even neat and accurate work in this book,—all these are of great value, but of even greater value is it that each student learn more and more to love dearly the Word of God which reveals the height and depth and length and breadth of divine love in his own personal salvation.

The sun shall be darkened, and the moon shall not give her light, and the stars shall fall from heaven, and the powers of the heaven shall be shaken. And then shall appear the sign of the Son of man in heaven. *Matt. 24:29, 30.*

For the Lord Himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first. *I Thess. 4:16*

Blessed are they that do His commandments, that they may have right to the tree of life, and may enter in through the gates into the city. *Rev. 22:14*

Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air; and so shall we ever be with the Lord. *I Thess. 4:17.*

As it was in the days of Noah, so shall it be also in the days of the Son of man. *Luke 17:26.*

For as the lightning cometh out of the east, and shineth even unto the west; so shall also the coming of the Son of man be. *Matt. 24:27.*

But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also; and the works that are therein shall be burned up. *II Peter 3:10.*

Behold He cometh with clouds; and every eye shall see Him. *Rev. 1:7.*

The Plagues of Egypt

These pictures are for pages 8 and 9.

As you study the lessons about the plagues, find the picture that illustrates each plague. Then write the **number** of the plague in the margin near the picture.

After you have studied the tenth plague, cut the pictures apart, and arrange them in order on pages 8 and 9 of your workbook.

When you can arrange them all quickly and correctly, paste them in their places.

<p>No god of Egypt could protect even the first-born. The first-born of Israel was the priest of the family. All these were saved because of the blood on the door.</p>	<p>Under the plague, Ra, the principal sun-god, was not allowed to appear for three days. He was powerless before the plague of darkness.</p>
<p>The god I'sis was supposed to have power over water; the god O-si'ris had power over fire. These gods were not able to prevent the "fire mingled with hail, very grievous." The true God has power over all storms.</p>	<p>O-si'ris was the god of the Nile River, so this river was worshiped by the Egyptians. It was worshiped because it gave life to the plants and animals. Now it could not give life, but caused death.</p>
<p>Seb, the earth god, was supposed to keep away famine, so the land was worshiped. Under the plague, "all the dust of the land became lice."</p>	<p>A'pis, the god of life, was represented by a beetle or fly. Under the plague this god "corrupted" the land.</p>
<p>I'sis, the cow-headed goddess, and A'pis, the bull god, were helpless to save the animals. Under the plague, the cattle of Egypt died: horses, oxen, camels, and sheep.</p>	<p>Ashes from the furnace (or altar) of the god, thrown into the heavens (as if to the sun-god) were supposed to prevent disease. Under the plague, these ashes caused "a boil breaking forth with blains (blisters and swellings) upon man and beast."</p>
<p>Se-ra'pis, the god of plenty, was worshiped as the protector against locusts. But his power was useless, for the locusts "did eat every herb of the land."</p>	<p>The goddess Hekt had the head of a frog. The frog was an object of worship and not to be killed. The death of the frogs showed that Hekt was helpless.</p>

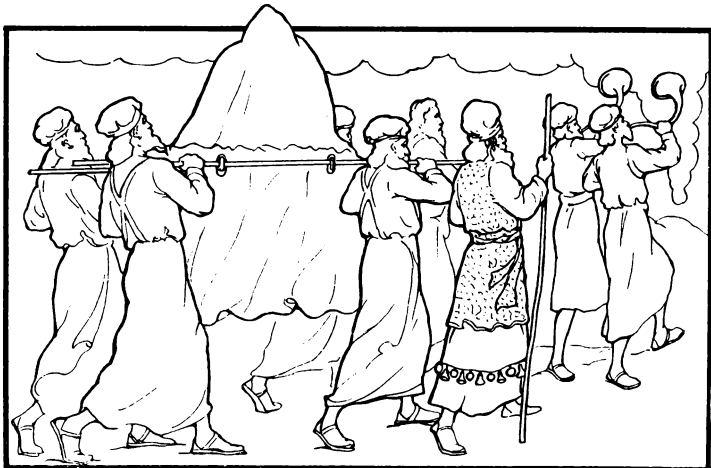

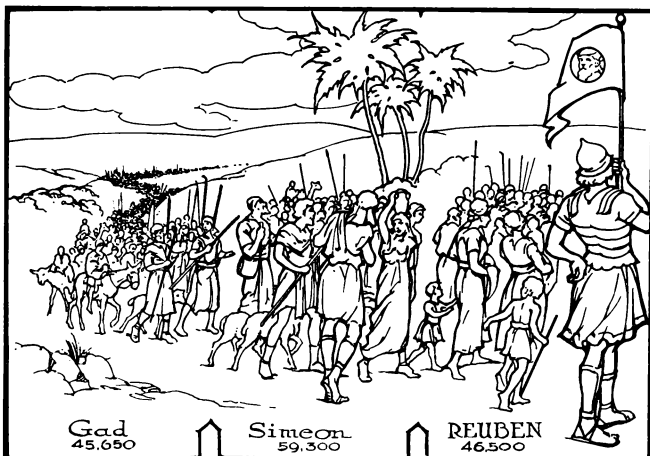

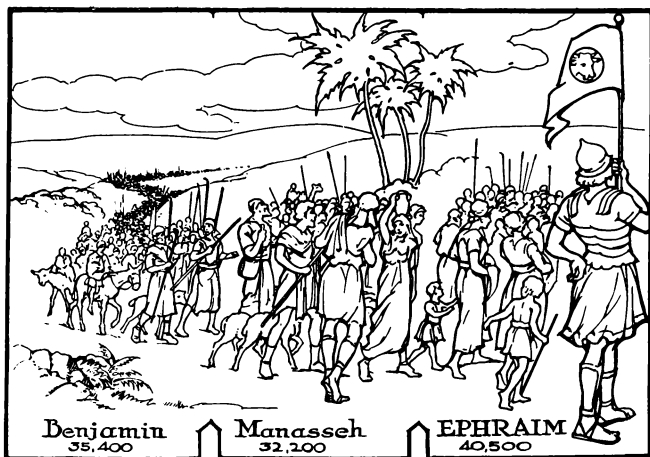

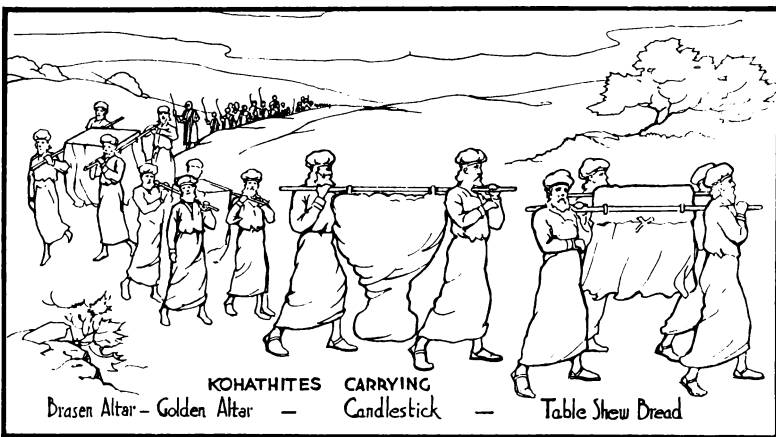

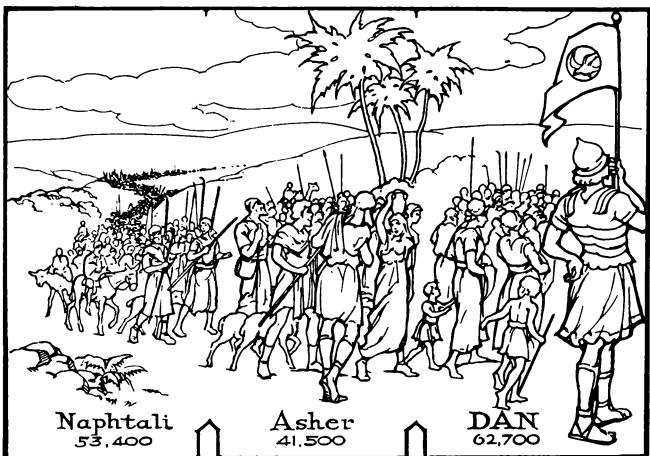

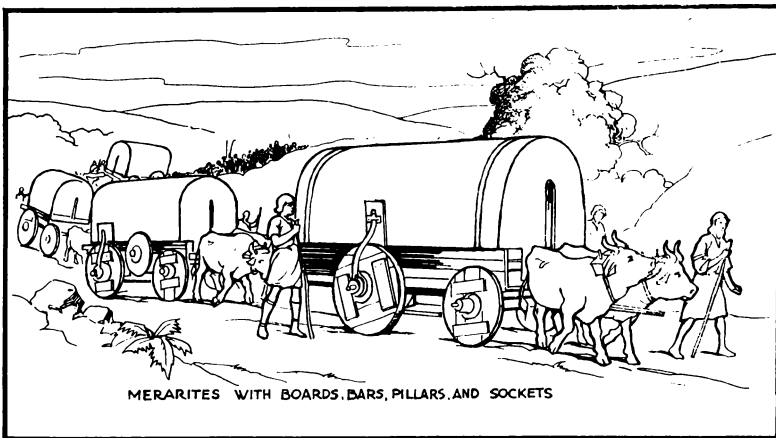

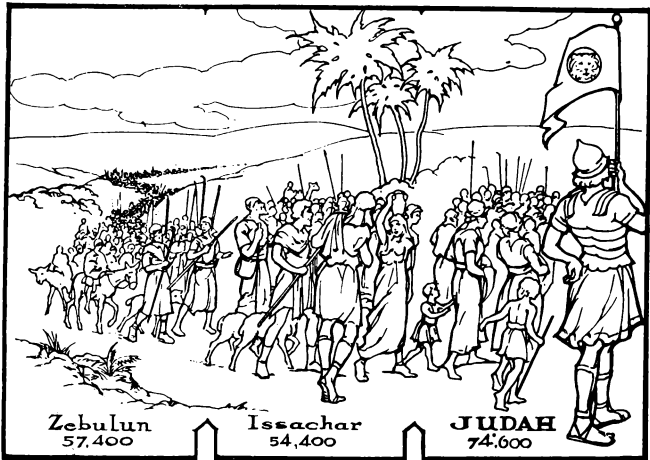

The Plagues of Egypt

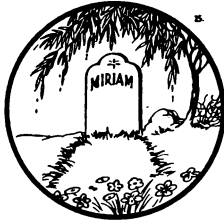

This tells about the different gods of Egypt, against which the true God sent the plagues.

Do the same with them as you do with the pictures of the plagues.

Thou shalt not

In it thou shalt not do
any work, thou, nor thy son,
nor thy daughter, thy man-servant,
nor thy maid-servant,
nor thy cattle, nor thy stranger
that is within thy gates: for in six days
the Lord made heaven and earth,
the sea, and all that in them is,
and rested the seventh day:

wherefore
the Lord blessed
the Sabbath day,
and hallowed it.
