

Sixty Seniors To Graduate

Golden Cords Hung For 46 Missionaries

Golden Cords were hung for 46 Unionites who entered foreign service this past year at the annual ceremony on Friday evening, May 23. Also honored were 34 returning missionaries.

This group, the largest ever to be honored, had Golden Cords hung for them on the new replica which hangs in the college auditorium and was designed by Carl Watts and Virginia Lohman.

In speaking of Union's tradition of the Golden Cords, Dr. Everett Dick said that a college is composed of its ideals and that the service was the basic tradition of Union College, Calvin Gordon, who has served in Cuba, told what Union College meant to one at the end of the Golden Cords. He said, "There is a presence in your heart of the spirit of sacrifice and labor which was gained at Union."

Elder M. J. Sorenson, who has just returned from Ethiopia, and Elder R. J. Roy, who is returning to South America, explained more of the significance of the Golden Cords.

With marimba music as a background, Wilmer Unterseher, president of the senior class, Joyce Erickson, vice-president, Richard Daarud, president of the junior class, and Branka Bogdanovich, vice-president, hung the Golden Cords.

In conclusion, President R. W. Woods told how one out of every ten Union College graduates had been in mission service.

Golden Cords were hung for the following:

Sixteen years filled with pencils, papers, and pedagogues—to some it may seem like a long time, to others it is little enough preparation for life. Because school doors have closed behind them is no reason to think that the seniors of '47 will stop learning, for they have found that to learn is to live, and to live is to learn.

Pete Heinrich, leader, and Marjorie Wearer, secretary, will serve as mission band officers the first half of next school year along with Charles Hall, chorister.

Members of the religious life committee will be Harold Sample, Bonnie Grogran, Floyd Eccles, and Barbara Versaw. Social committee members are Wilbert Dale, Pete Kostenko, Tate Zytoskee, and Henry Brodie. On the special events committee will be Glenn Rice, Bruce Beaven, Bill Putnam, and Claude Chan.

Meet Two of The Senior Class Officers

WILMER UNTERSEHER

Another pre-med planning to attend Loma Linda this fall is Wilmer Unterseher. After attending Wadena High in Minnesota, Wilmer has put in four years at Union. Originally from Harrisburg, Oreg., Wilmer has traveled quite extensively, especially in the South Pacific. Being born a natural leader, he has held numerous offices in the different student organizations here.

JOYCE ERICKSON

Joyce Erickson's pet peeves are bells and bills. She said that from the first day she arrived at Union she has been going by bells and that once each month she gets the bills. Joyce was born and raised in Brainerd, Minnesota, where she also graduated from high school. Her hobbies are picture albums and scrapbooks. While at Union she has been majoring in biology and education and minoring in history and religion.

Lookin' Around

Mid the December weather, the signing of Golden Cords, the frantic packing in order to catch that next train, the last-minute examinations, and the sad (!) partings, we take time to dash off a "line." . . . We've just decided that the most relieved man on the campus Monday was Francis Knittel, editor of the Golden Cords, when the long-awaited covers arrived so the yearbooks could be finished and into the hands of the students. . . . The pressing question: Will Willetta Weller have that term paper finished by Friday so she can graduate? We hope! . . . Putting last-minute touches on their canvasses are about one hundred students. They'll be scattering to the far parts of the unions served by Union College. Emory Gusso, Richard Stafford, and Darrow Foster have their "putt-putts" all tuned up. Warren Sherbert should be well taken care of as he canvasses—he now has two motorcycles and a jeep. . . . Along with the showers outside, we've been hearing of lots of showers inside. In the past few days Bonnie Grogan, Margaret Steeves, Jean Hutchinson, Mary Louise Loveless, Virginia Carter, Madelyn Root,

Katherine Null have been showered.

We extend a hearty welcome to six new fellows who recently arrived from Ethiopia. Kifle Segai must have been doing some good campaigning for Union. . . . A charming addition to the North Hall family is Miss Rose Chin from China. . . . How do you like green concrete? Report is that our green tennis courts now being constructed will be some of the very best in Lincoln. . . . We all enjoyed Elder G. C. Nickel's talks in chapel and in M.V. meeting. He is the father of our June Nickel. . . . Miss Hall left last Saturday night to begin her journey to Europe via Halifax. She will be touring France and Spain most of the summer. . . . Dean Culver was commencement speaker at Maplewood Academy last week end. . . . Several of the elementary student-teachers took part in the program given in the chapel Monday night by the first and second grades. . . . Inez Meyers was exceedingly busy the other afternoon in the North Hall lobby. With exams out of the way and everything ready for graduation, she said she hadn't been able to

sleep the night before and was consequently tired and bored and rushed all at once! . . . Betty Jayne Glew is going to Texas with Marie Stanford to help Marie's father on his farm. . . . We hear that Emma Reichel was the first student to get through with her exams and leave for her home. . . . John Parobek has been displaying some of his hidden talents lately by playing on his saw for several programs.

We'd like to present a verbal bouquet of beautiful big orchids to Carol Magnuson, the hardest-working member of the CLOCK TOWER staff this year. (She won't read this copy before it goes to press!) She has been an excellent managing editor and we appreciate her faithful work. . . . Sunday and Monday we saw nearly everyone absorbing the sunshine while studying for finals. Can't say as much for Wednesday, the day we were drenched.

With this we must halt and tell you that we're so glad we got to know you this year and that we think it's been a lot of fun. Have a good time in the summer and we'll see you next fall. Your "L.A." scribe has been Betty Lou Williams.

JESSE JONES

Jesse Jones has a son in the Navy who is as old as many of the students here at school. Mr. Jones' interest lies in the field of history; this coming school year he plans to continue his studies at the University of Nebraska and get his Master's Degree. He will then continue his teaching career in our denominational schools.

JANICE LARSON

Janice Larson after being married three years May 22, said that after graduating she intends to become a real full-time housewife. She completed her academic work at Enterprise Academy and before coming to Union graduated from Kansas Junior College in Kansas City. Janice has also taught church school for five years. Her major is home economics and her minors are mathematics and education.

HENRY CARUBBA

Henry Carubba, whose home is in New Orleans, takes full advantage of being near the water by swimming and going deep-sea fishing. Henry learned the painters' trade by working with his father, so he has had no trouble finding employment for his hours outside of school. As soon as school is out he, his wife, and his mother are planning to go to New York City. From there he will go down to Orlando, Florida, where he will assist Elder M. R. Garrett with an effort.

BONNIE LINDQUIST

Another one of the fifty-seven seniors soon to leave Union's doors is Bonnie Lindquist, who claims Pierre, South Dakota, as home. Anyone who knows Bonnie does not have to be told that her major is music because all remember her as an enthusiastic chorister and a superb pianist. Bonnie will teach music at Enterprise Academy next year.

Having worked at Camp Picket, Virginia, as a secretary for two years and in the registrar's office here, Violet is entering her new work with much previous experience. She is graduating with a major in secretarial science and minors in religion and education.

WALTER BERTHELSEN

Because of being so "movable" Walter Berthelsen gave his wife a difficult time to say just where he was from. He was originally from South Dakota but has moved to Iowa. However, his address is Jackson, Minnesota; so choose the place you like the best, Walter, and claim it. Walter's hobby is the study of radio. He is now completing a course from the National Radio Institute, at Washington, D.C. After graduation from Union College with his religion major and history and education minors, Walter will go to Platte Valley Academy where he will teach vocational arts next year.

With the love for mountain climbing still with her, Aletha McGirr left her home in the Colorado Rockies to get her major in secretarial science and minors in religion and education from Union College. This summer she will begin her career as full time assistant in the registrar's office at Union. Apparently being economically minded, Aletha's pet peeve is seeing lights on in the daytime on high places where she cannot turn them out.

Gaines Partridge has accepted a position as principal of Shiloh Day Academy, Chicago, Illinois, for the coming school year. He is already acquainted with many of the teachers and students of the school so he does not feel that he is entering an entirely new school. His major is educational psychology and his minors are biology, English, and religion. Gaines has a great dislike for disorganization or people who do not meet appointments promptly.

ROLLEEN BETTS

One who is a resident of College View, but an occupant of North Hall for the last nine months, is Rolleen Betts. To get a well-rounded education Rolleen felt a great need of a sample of dormitory life and especially in North Hall.

Soon after receiving her degree with a major in secretarial science and minors in religion and education, Rolleen will go to California where she will be a secretary in the Missionary Volunteer Department of the Pacific Union Conference office.

MARION TRAVIS

For some exercise to work off the effects of such a sandwich, Christy likes to play softball or basketball. He is a ministerial student and has minors in speech, education, and history. This summer he will work as an assistant pastor in Minneapolis.

SYDNEY BEAUMONT

Sydney Beaumont of Pratlville, Jamaica, British West Indies, likes the United States, but he misses the many tropical fruits of his home land—particularly mangoes. Margaret was born in Minneapolis, Minnesota. She was a graduate of Maplewood Academy in 1942. Her major is secretarial science and minors are education and German. Her hobbies are pictures, poetry, and music. Margaret's friends all know her by her giggle. Next year she plans to do secretarial work in the Pacific Union Conference.

Larry has an optimistic future as a minister, especially as young people's leader. His major is religion; his minors are history and mathematics. (Mrs. Boyd teaches algebra.)

He has accepted a call to begin his internship in Milwaukee, Wisconsin, immediately after graduation.

EDWARD HERR

Edward Herr was born and raised in McClusky, North Dakota. After graduating at Sheyenne River Academy in 1942 he came to Union where he majored in religion and minored in history, speech and education. WILLIETTA WELLER

Willietta Weller, or perhaps you know "Billie" better, claims Pleasanton, Kansas, as her home. She is graduating with a major in English and minors in speech, religion, and education.

She will make use of her English and speech education this summer in the colporteur ministry. Willietta is becoming a veteran colporteur, this being her fourth summer of canvassing.

Winton Anderson has worked at several jobs while he has been going to school—construction work, broomshop work, and canvassing. His home is in Minnesota, and he likes outdoor sports—particularly swimming. As hobbies he collects stamps and works with photography, but at present he has little time for either. This summer Winton will begin his internship in Springfield, Missouri.

ROBERT JOHNSON

Official photographer for the *Golden Cords* this year, Bob has also been active as Missionary Volunteer society chorister and has served as vice-president of the Master Comrade club. Bob has also been an active member of the band, orchestra, and male chorus.

ROSELLA L. REINER

Brown hair, blue eyes and five feet five inches tall, is graduating senior Rosella L. Reiner. Rosella was born in Saskatoon, Saskatchewan, Canada. She attended the Winnipeg Junior Academy in Canada. However, she graduated at Maplewood Academy in Minnesota. A major in English and a minor in history and education, she plans to take post-graduate work here next year in organ. Rosella has been working in the library this past school year and also during the summer months. Her hobbies are organ playing, and collecting poems and stories.

JUNE NICKLE

From Havana, Cuba, comes June Nickle, who has attended schools in more places than many people have the opportunity of visiting; namely, Mexico, Costa Rica, Panama, Cuba, Canal Zone, California, Arizona, Texas, and Nebraska. She attended summer school at the University of Havana. As yet, June has not decided just what use she will make of her business administration major and Spanish and education minors, but she does prefer office work.

VERNON EMMERSON

Another senior interested in the young people's work is Vernon Emmerson. Vernon is to be a district pastor in the Minnesota Conference. Originally from Staples, Minnesota, Mr. Emmerson has put in many weeks at Union College. His outside interests take in all the activities of the school. We are sure he will make a fine pastor as he has shown his ability from being president of the Ministerial Association.

JOHN MCINTOSH

The title of "Champion Coal Hauler of Union College" is believed to be held by John McIntosh. During the past four years that he has been here he has hauled approximately four thousand tons of coal for the powerhouse. John is graduating this spring with a major in religion and minors in history and education. Next year he will be teaching grades five to eight in the St. Louis Junior Academy.

OLAF HOVE

A biology major and chemistry and religion minor is Olaf Hove, who is Loma Linda bound (he hopes!). Hove was born October 18, 1926, in Minneapolis, Minnesota, where he grew up and learned to like baseball, football, ping-pong and tumbling. He went to Junior Academy and Maplewood where he finished in three years. Hove's pet peeve is people who are impolite enough to walk out of a meeting (he mentioned club nights). This year he has been a reader in the chemistry department. He especially likes Miss Whitfield's banquets and home cooking.

CATHLEEN CHILSON

Cathleen Chilson graduated at Plainview Academy, South Dakota, before coming to Union College.

Cathleen is receiving a B.A. degree in Liberal Arts, her major being English.

She has held numerous responsible positions, such as: M.V. secretary, prayer band leader, and associate editor of *Clock Tower*.

By being a member of the Student-Faculty Council, circulation manager of the *Golden Cords*, and holding other key positions, Mike has proved himself able to handle the job of Dean of Boys at Sheyenne River Academy next fall.

FRANCIS KNITTEL

One of the more outstanding students of Union College is Francis Knittel. After being at Southwestern Jr. College for four years, he put in two here at Union. "Knittel" will complete the liberal arts course and expects to teach in his major field, English. He has done a fine job as one of the editors of the *Clock Tower* and *Golden Cords*. Francis is from Tennessee.

JOSEPHINE GRIFFIN

Josephine Griffin, better known as just plain "Jo" from Keene, Texas, is having great fun with her gardening experiment. That is, if you can call fifty tomato plants and three rows of strawberries a garden. One of Josephine's hobbies is music; she particularly enjoys playing the organ, piano, and marimba, but she complains of insufficient time to practice.

NEIL ROWLAND

Selected as a member of the national organization of Who's Who in American Colleges, Neil Rowland has led a busy life at Union. In addition to having been junior class president, a staff member on the two school publications, student-faculty council member, and senior class pastor, he led the students in the cafeteria fund campaign this spring. He has an active interest in photography as a hobby, while his vocational interests lie in the business field.

NORMAN ROY

"You might say that I have two pet peeves—one is people that are never on time and the other is poor organization," said Norman Roy upon our inquiry. After the wedding this summer, Mr. and Mrs. Norman Roy will find themselves headed for S.R.A. where he will teach music. His ambition is to conduct a college choral organization that is just "tops." He likes tennis, swimming, table tennis, stamp collecting, photography, nature study, and reading, especially biographies.
