Campmeeting and Conference

Date—August 18 to 28.

Place—Denver, Rocky Mountain Lake Park.

We shall look for you to be there.

Our annual campmeeting and conference will soon be here. This will be an important meeting. We feel that we have been especially favored in securing the beautiful Rocky Mountain Lake Park, and the date will be better, we believe, than if it were later. Good help is promised us. We are unable to say just who of our general workers will be with us but we are assured of the best of help. We hope that in the next issue of the ECHOES we will be able to announce definitely who of the general workers will be with us.

But, dear brethren and sisters, let us remember that the mighty God has promised His presence. And let us come fully expecting great things. We are one year nearer the close of probation. One year nearer when it will be too late to get right with God. We have one year less time to prepare for eternity than when we held our last campmeeting.

We are living in fearfully solemn

times. Let us begin now to plan to come to this meeting bringing our children with us that as families we may seek God and be saved at last without the loss of any.

C. R. KITE.

With the German Believers

In our last report we mentioned the baptism on June 5 at La Salle. The following Sabbath and Sunday we spent with the Brighton church, held five meetings, baptized four, and received six into church fellowship on June 12. The week following we made a visit to Bashor and vicinity, and Ault and vicinity. At the last mentioned place we held several cottage meetings and spent Sabbath and Sunday. One family promised to walk in harmony with God's divine law and will.

The following Wednesday and Thursday evening Brother Gaede and the writer spent with the Wentz church and we enjoyed seeing a goodly number of those lately baptized at prayer meeting filled with hope and courage

On Friday Brother Gaede left for Windsor and Loveland, the writer spending Sabbath with the Wentz church conducting two meetings well attended. A good spirit was present and I reached Loveland on Sunday to baptize one precious soul with his Lord in the watery grave to arise and walk in newness of life.

Thus the good work goes on among the Germans the same as among other nationalities. We praise the good Lord for His Spirit and His ministering angels who go before and prepare the hearts for the reception of the truth, and then protect His people from harm and last day deceptions.

This year has been a year of many

spiritual blessings. Looking over the past we praise Him for what He has done, and looking to the near future, namely our coming campmeeting, we expect great blessings. Our annual gatherings become of greater importance, seemingly, as we are nearing the end of time. On the night of deliverance from Egypt, the children of Israel were required to have the door posts and lintels sprinkled with blood and be ready at midnight to march. Also their children were to be in the house at the time when the Angel passed through the land, so it seems it should be with God's people in this time of investigative judgment. The parents should improve the annual campmeetings, and not forget to bring their children, and thus together have their spiritual strength renewed. Lay your plans now and daily get ready for the meeting and be in Denver at Rocky Mountain Lake Park on August 18 at the first meeting and stay until August 28, the last meeting. Get many rich blessings while there, and take them home, and be a blessing.

From Colorado to New York

A very pleasant surprise was given to us by the church at Boulder and the sanitarium family at the home of Elder Kite, Sunday evening, May 29. This token of their appreciation of our work and best wishes for our welfare will not soon be forgotten. It was one of the hardest struggles of our lives to leave the dear people of Colorado.

We started on our journey Monday, May 30, reaching Chicago Wednesday morning, going from there by way of Battle Creek where we stopped a few hours, then to Niagara Falls, reaching

ECHOES FROM THE FIELD.

Rome, New York, Thursday noon. This was a long, tiresome journey but we all reached Rome with good health.

As we lay the work down in Colorado and take up work in New York it is with the best of wishes for the work and workers of the Colorado Conference. We will watch with much interest the reports of the workers this summer, and pray that they may be successful in leading many souls into the truth. Colorado will ever have a warm place in our hearts. As I remember how the people received me into their homes as I visited the churches throughout the conference, and was cheered by their prayers from time to time, I am led to say, Lord, reward this dear people with a part in the earth made new.

New York is a beautiful state with its fertile valleys, flowing springs and streams. The cities are large and prosperous. Factories of all kinds are to be found in these cities. The people are large hearted and generous. They are a very hospitable people. Any of the workers are always welcome to a home among our people. The hotel is not patronized by the workers.

Our churches are alive and enthused with the message for this time and are planning for the time when the same power will return to the East that was manifest in the giving of the first message. We are glad to be in the east, the place where the Lord has said His power is soon to be manifest in the conversion of many souls. We desire to be so closely connected with heaven that we can have a part in the loud cry of the third angel. We need some earnest workers of the west to get a burden for these large eastern cities and come and give their lives for this people. Who will come?

As you remember the work and workers in Colorado we would beg of you to remember the work in New York, and especially us, in our new responsibilities.

J. W. LAIR.

Campmeeting Music

Now that it has been definitely settled that the campmeeting will be held in Denver, in beautiful Rocky Mountain Lake Park, it is high time that we make preparation for its success.

We desire to make this campmeeting the largest and best ever held in Colorado. To this end we wish to make the music the best possible. We want to select our choir from every church in the conference. We want our ministers

and workers to help get out the best talent among us. We want to make it a representative choir of fifty voices that will be a credit to the cause. We shall have rehearsals every day so that we may reach the highest point of efficiency possible. The evening and Sunday meetings will be entirely for outside attendance, so that choir members will consider attendance at these meetings their first duty. Do you not wish to help make this the best choir ever assembled at a Colorado campmeeting?

HENRY DEFLUTIER.

Fort Morgan and Sterling

It is a real source of encouragement to see the brethren and sisters in the churches lift so cheerfully in the Ministry of Healing campaign. On my way to the Wyoming campmeeting I was privileged to visit the churches at Fort Morgan and Sterling. At Fort Morgan I went out into the country and lectured in a school house and if the attendance counts the meeting was a success. The little company took \$50.00 worth of books, and a number promised to do more later. There is an excellent opening for ministerial work in Fort Morgan and Sterling. The influence of the godly lives of the church members makes it very easy to secure attention from the other churches.

At Sterling I was impressed with the many remarks concerning the work done by Elder Long, the good influence of which is scattered far and wide, and counts in favor of the message

Lamar and Las Animas

Through the efforts of Brother McConnell this last winter a family in Lamar became interested in the truth, and part of them began to observe the Sabbath. I joined Brother McConnell in April, and we began public meetings. We held meetings for three weeks in the German Lutheran church, and then we pitched a tent in another part of the city and continued the meetings about five weeks longer. Our attendance was not large at any time, but ten took their stand to keep all His commandments. We hope they will all come into the church.

About the middle of June we moved to Las Animas. Besides Brother McConnell and wife, Brother C. C. Parke and wife of Denver are with us. We also appreciate the assistance of Miss

Beatrice Roberts of Denver in helping with the music. With my own family we have a company of ten.

What with a week of street carnival, and another week of Chautauqua, conditions did not look favorable. But this presented a good chance to show what our new stereopticon could do. It met our expectations in holding the people in spite of other attractions and distractions. It is too early now to even guess at the outcome. It is our faith that the Lord has some souls here for His garner. Pray for the work in this part of the field. W. D. EMERY.

Delegates to the Conference

The purpose of this article is to call the attention of our churches to the matter of electing delegates to our coming conference. Do not put this important matter off, but attend to it at once. Every church is entitled to one delegate for the organization and an additional delegate for every fifteen members. Thus a church of fifteen members is entitled to two delegates, and for every additional fifteen members, one additional delegate.

In the selection of delegates it should be remembered that all members of this conference and all accredited conference workers are delegates at large. Send the names of the delegates elected in your church to Elder H. M. J. Richards, 1112 Kalamath Street, Denver, Colorado. The delegates should all plan to reach Denver so as to be present at the first meeting of the conference August 19 at 9:00 a. m.

We would suggest that in selecting delegates there should be alternates chosen, so that if, for any cause, the regular delegates are unable to be present, the churches can still be fully represented in the conference.

Religious Liberty Work

At the recent Union Conference at St. Joseph a resolution was adopted recommending that our Religious Liberty literature be distributed on a great scale during the present year, putting it, if possible, "in every home" within the borders of the Central Union. The General Conference tract, "DO YOU WISH CONGRESS TO PRESCRIBE YOUR RELIGION," offers us a convenient, attractive, and inexpensive document of sound arguments on this important and live question of religious legislation and its evil

ECHOES FROM THE FIELD.

effects. It will answer for state conference and community circulation as well as national. The question is nation-embracing. The opportune time to circulate this literature is now—before the convening of the legislatures and of another session of Congress. Cannot each Sabbath keeper afford to circulate at least 100 copies of this pamphlet at a cost of seventy-five cents; each church a thousand copies at cost of \$7.50. Let each make the effort to extend a knowledge of the true object of civil government right now. Remember Nehemiah and Meroz! Nehemiah for his faithfulness and dispatch in performing the Lord's work. Meroz for its unfaithfulness and neglect of duty. Order tracts of state tract society. The undersigned will be pleased to give information on the best method of reaching the public with literature and principles of religious liberty. Please report interesting experiences in religious liberty work.

Ministry of Healing

Our stock has come at last. We are assured that our freight shipment was one of the earliest sent out. Now we are anxious to pass these books along to those who desire to use them. If you have pledged for a supply we shall be glad to receive your order at once.

We sell the books at the regular retail price of \$1.50. All profit above the cost of manufacture and the expense of handling will go for the benefit of the Colorado Sanitarium. The factory charges us 35c. per book.

We do not wish to open accounts with individuals for these books. If you cannot send cash for them please arrange with your church librarian for your order. This is the plan outlined, and to follow it will reduce the bookkeeping here as well as the expense of shipping. Orders will be sent by prepaid express unless sufficient quantity is ordered for a freight shipment. Express charges will be saved by ordering ten or more at a time. Bills are due in thirty days.

We secured two hundred copies of the old edition for the sanitarium. They have used them, paid for them, and we have sent two hundred copies of the last shipment for their further use.

The books we have now contain an appendix of sixteen pages with cuts and descriptions of our sanitariums in the United States.

A New Opportunity for City Workers

To meet an urgent demand for a short medical missionary training to fit consecrated women so they can engage in self-supporting missionary nursing among those of moderate means in our large cities, the Hinsdale Sanitarium and the Illinois Conference have organized in the city of Chicago a special six-months' training school which will open July 10.

The old branch sanitarium has been secured for this purpose and has been thoroughly renovated and will be used as a home for the students.

The Illinois Conference will supply the Bible and general missionary instruction; the faculty of the Sanitarium, the medical training. Mature, substantial women who feel a call of God to carry the gospel to our large cities before it is too late should write at once for full information. Address Dr. David Paulson, Hinsdale, Ill., or Eld. Wm. Covert, 324 Dearborn St., Chicago.

Eastern Colorado Conference

This meeting will be held at Rocky Mountain Lake Park in Denver, August 18-28. The first meeting of the conference is called for August 19 at 9:00 a. m. All delegates should be present at that time so that there will be no delay in the work of the conference.

C. R. KITE, President.

The conference committee met last week.

Mrs. A. W. Farnsworth of Collbran is visiting relatives and friends in Denver and vicinity.

Brethren Henry DeFluiter and Werner Becker have been asked to have charge of the campmeeting music.

The obituary of Bro. S. C. Stover, who died at Lake City, Colo., on June 19, has been crowded out of this issue. It will appear next time.

Prof. H. U. Stevens of Union College gave a very interesting stereopticon lecture Sunday night in the Denver church. He has a very excellent collection of slides showing views in and around the college. Prof. Stevens plans to visit some of our other churches and then make a trip to the Western conference before the opening of the North Missouri campmeeting.

Eastern Colorado Conference—Notice

The first meeting of the Seventh-day Adventist Association of Colorado will convene at Rocky Mountain Lake Park, Denver, Colorado, Monday, August 22, 1910, 9 a. m. This meeting is called for the election of trustees, and for the transaction of any other business that may properly come before the association.

Obituary

Brother Augustus Shane died at his home in La Junta Thursday, June 9. His death was very sudden, caused by heart failure. Just the previous afternoon we had had an enjoyable Bible study together at his home, and the Lord came precious near to each one. Brother Shane was 66 years of age, and was brought up in the Catholic faith, yet when the light of the Third Angel's Message shone across his pathway, he and his devoted wife accepted its teachings, and were baptized, uniting with the La Junta church about eight weeks ago. Brother Shane leaves a wife, two small children, and five grown sons and daughters. The funeral services were held by the writer Sabbath afternoon, June 11. About two hundred attended. Although but a child in the faith our dear brother found enjoyment in telling others of the Truth so dear to him, and these words of the Revelator are comforting to the hearts of those who mourn: "Blessed are the dead which die in the Lord from henceforth: Yea saith the Spirit that they may rest from their labor; and their works do follow them."

Campmeeting Music for All

Elsewhere in this issue will be found information concerning a campmeeting choir. Here we wish to speak a word to everyone expecting to attend campmeeting. Let us impress upon your minds the necessity of bringing Hymns and Tunes and Christ in Song.

A choir, be it ever so good, cannot alone furnish all the singing and make it a success. We want each one attending to become a member of the great audience choir. Brethren and sisters, shall we not aim to bring back the spirit of song as it was manifest in the days of 1844? Or shall it be said that Seventh-day Adventists have lost the spirit of song they used to have?

No people on earth should be able to sing with the spirit and understanding like Seventh-day Adventists. Therefore, brethren and sisters, come prepared to do your part in this feature of the meetings. *Bring your hymn book.* Bring all you have, so you may be able to lend to others. If you do not own one now, you can buy them on the camp ground as low as 75c. each. A good supply of books will be on hand.

It will depend on *each individual* to do his part to make *good* singing possible.

HENRY DEFLUITER.

Canvassers' Institute

After the campmeeting, we have planned to have a canvassers' institute. We hope that all of the canvassers will come to the campmeeting, stay for the institute, and go out into the field with a determination to do more than has ever been done in this conference.

In view of the fact that we are living in the very closing scenes of this world's history, and there are thousands of honest hearted people in this conference who have never heard of this truth; we trust that there will be a large number come to the campmeeting prepared to stay for the institute, and go out into the field.

This will be the best time in the year for the canvasser to sell books, as those

living in the country will have their grain ready for market. Money will be more plentiful at this time than in some other seasons of the year. Thousands of people buy books for Christmas presents. Why not give them the opportunity to buy some of our good books which will lead them to a knowledge of this truth.

Vol. 9 says, "The judgments of God are in the earth, and, under the influence of the Holy Spirit, we must give the message of warning that He has entrusted to us. We must give this message quickly, line upon line, precept upon precept. Men will soon be forced to great decision, and it is our duty to see that they are given an opportunity to understand the truth, that they may take their stand intelligently on the right side. The Lord calls upon His people to labor—labor earnestly and wisely—while probation lingers."

May the Lord help each of us to get into the place where He would have us work is my prayer. C. B. SUTTON.
